King Proclaims Emergency In British Strike

3 Big Quakes Hit Jap City; Toll Uncertain

TOKYO (AP) — Three heavy earthquakes followed by fire wrecked the western Honshu city of Fukui late today.

Japanese newspapers guessed the total of dead and injured might reach 5,000, but U.S. occupation authorities said first fears had proved excessive and declined to make an estimate.

The only known casualty figures were 10 dead and 60 injured at Daishoji, coastal village 20 miles northeast of Fukui.

"It is apparently not as bad as we thought it was," said Brig.-Gen. Crawford Sams, head of the occupation's health and welfare section. "Damage appears to be pretty well localized."

Col. C. C. Carter, adjutant-general of the First Corps, told the Associated Press there were no indications of any tidal wave. Japanese had earlier expressed fears there might be such waves, as they often follow coastal earthquakes.

Fukui, a city of about 85,000 population, is 200 miles west of Tokyo and 10 miles from the Sea of Japan.

It was 85 per cent destroyed by U.S. Superfortresses in July, 1945, but since had been largely rebuilt.

Occupation headquarters had no figures immediately on the number of Americans in the area, but said all apparently were safe.

Original reports said 900 houses collapsed in the first shock, but this later was scaled down by the army to about 200.

(Honolulu reported a sharp earthquake but no damage there.)

May Join Vancouver In Drive Against Rising Food Prices

Acting Mayor J. D. Hunter returned to the city today following a meeting in Vancouver with Acting Mayor J. D. Cornett and other civic officials, on the possibility of combined action by the two cities against the rising cost of living, particularly soaring food prices.

The Acting Mayor today is conferring with aldermen on making representations to Ottawa on the subject.

"I would like to take some immediate action, and perhaps the City Council will follow up the question at the next meeting," Acting Mayor Hunter said.

He reported that the Vancouver City Council has passed a resolution asking that the federal government consider stablizing food prices. The resolution points out that experience during the war showed that price control can hold prices down without undly hampering trade or business.

Action by the council here on the boost in milk prices in line with that taken by the Vancouver council also is being considered.

The Vancouver council passed a resolution opposing the increased prices and asking for the reasons why the Provincial Milk Board took the action when "the higher prices tend to deprive young children of adequate amounts of food almost necessary to their physical walfare."

Provinces Thanked For Flood Aid

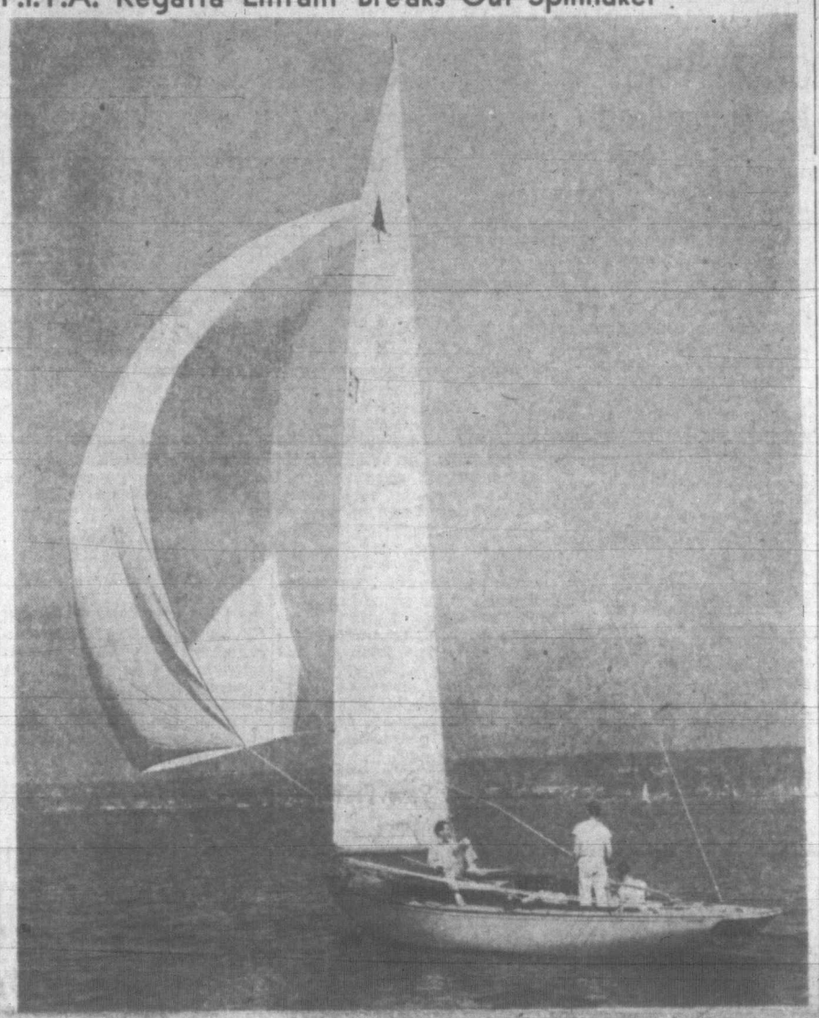
VANCOUVER (CP)—British Columbia's emergency flood fund, now almost double its $1,000,000 objective, will end its campaign June 30.

Austin C. Taylor, fund committee chairman, expressed appreciation for the generous response from other provinces. Of the total more than $300,000 had come from eastern Canada.

2 Rescued As Tug Sinks

VANCOUVER (CP)—Two Vancouver seamen were rescued this morning after their 42-foot tug, Bighorn, foundered at Galiano Pass, Gulf Islands. The two were Joe Findlay, skipper, and Don Poole, mate.

P.I.Y.A. Regatta Entrant Breaks Out Spinnaker



A warm summer day welcomes the yacht Shamrock, owned by Bob Lamson, Seattle Yacht Club, arriving today for the Pacific International Yachting Association regatta, for which Royal Victoria Yacht Club is the host. The sleek Shamrock is one of the Evergreen class vessels which will sail Thursday afternoon in the interclub race for the City of Vancouver Perpetual Trophy. Yachts will be drawn by lot so that each of the active member clubs of the P.I.Y.A. wll be represented.—Photo by K. G. Ollar.

B.C. Manufacturers Lodge Tax Exemption Appeals

A delegation of the B.C. manufacturers today asked the Provincial government to assure that non-permanent equipment and consumable materials used by industry in producing goods, including gold and goods for export, will be exempt from the 3 per cent sales tax.

The government will start collecting the sales tax, formally known as the social security and municipal aid tax, on July 1.

The delegation for which T. G. Norris, K.C., of Vancouver, served as spokesman, argued that it was the intention of the Legislature that such goods be exempt.

PART OF COST

"By non-permanent equipment and consumable materials we mean those goods used in plants which are consumed or used up in the course of manufacture of goods, including golds and goods for export, but which do not necessarily remain part of the finished product," said the brief presented to the Provincial Cabinet. "These materials form a part of the cost of producing our products and if we were required to pay tax thereon, it would result in the pyramiding of the tax."

The delegates noted that the federal sales tax authorities have long recognized the necessity of exempting consumable materials in order to avoid pyramiding the tax and to place industry in a competitive position. In fact, said the delegates, the federal authorities had gone much further by exempting permanent machinery and equipment used in the production of goods.

"Industry fully realizes the need on the part of the Provincial government of additional revenue and it will contribute substantially in the tax on its purchases of permanent machinery and equipment, but it submits that it was not the intention of the Legislature that any action should be taken which would accentuate our comparatively high cost of manufacturing and producing, which would be the result if consumable materials were taxed," said the brief.

Captured After Chase

CHICAGO (AP) — One of a band of robbers who eluded the biggest mantrap in Cook County history was traced to his home and captured today, Police Commissioner Stanley Demski of suburban Lyons announced. Demski said Jerry Malleck, 23, of Chicago, made an oral statement that he was one of the four men who held up a gambling joint Saturday and shot two policemen in a running gun fight.

Montreal Watches

MONTREAL (CP) — Shipping men today expressed fear the London dockers' strike would affect Montreal because several of the ships help up in the United Kingdom normally sail from this port.

Nude Sun-Bather Gets $25 Fine In Police Court

The sun-bathing fad by nude persons which has been causing Vancouver police considerable worry of late, is not going to be allowed to spread here.

Notice of this was served this morning in city police court when Magistrate H. C. Hall found a 30-year-old local resident guilty on a charge of indecent exposure and fined him $25.

Evidence given by Crown witnesses was that they saw accused stripped down to his "birthday suit" last Tuesday on Topaz Heights. He was spotted in the nude by a woman looking out her window. She started the action which led to his apprehension.

When police arrived on the scene, Constable Norman Galbraith said accused stated he guessed "I am the man you're looking for." He explained to the officer he had been taking a sun bath and did not think anyone had seen him.

Constable Galbraith said the defendant said he had not been totally naked, that he had a pair of shorts on. The woman who saw him from 100 yards away claimed he did not have a stitch of clothing on and the male resident of the same camp who went to investigate said he saw the man naked and running toward his car as he approached.

Joseph McKenna, who had established during cross-examination there was a considerable amount of bush and tree cover in the area, said his client was only taking a sunbath and that there was no wilful indecency on his part.

Plan Multi-Color Suits For Men

PARIS (Reuter)—Bright-hued vests, contrasting in color with jacket and trousers, have been designed by Paris tailors in a bold bid to create a new look for men and make Paris the dictator of fashions for men as well as women.

The idea is that all men's suits should be of two colors—jacket and trousers in one shade, the vest in another.

Vest colors are scarlet, cinnamon, lavender, pearl grey and bright yellow.

Among the planned color contrasts are yellow vest, bottle-green jacket and trousers; and red-and-green checked vest with light grey jackets and trousers.

Colors most in favor for suits are bottle green, bronze, green, light hazelnut and warm brown.

250,000 Soon To Be Called Up In U.S.

WASHINGTON (AP)—The U.S. Army estimated today that between 225,000 and 250,000 men probably will be inducted during the first year of the new military draft. the first call for induction will be made soon after Sept. 22.

Rail Workers' Vote Reported 98% For Strike

MONTREAL (CP)—Frank H. Hall, chairman of the negotiating committee representing the 18 international brotherhoods seeking wage increases from Canadian railways, said today that "about 98 per cent of the members in my union (Brotherhood of Railway Clerks) have voted for a strike.

"I believe it is about the same with the other brotherhoods concerned."

A mediation board presided over by Mr. Justice J. C. A. Cameron of the Exchequer Court at Ottawa is scheduled to resume sessions here Wednesday in an attempt to settle the dispute.

Union members have been voting by mail in recent weeks after failure of another mediation board to settle the case of the Canadian Brotherhood of Railway Employees (C.C.L.), which is the only Canadian union involved.

A. R. Mosher, president of the Canadian Congress of Labor, has already reported that 97 per cent of the C.B.R.E. members have voted in favor of a "peaceful work stoppage" to win their demands.

The mediation boards, previously sitting as conciliation boards, had recommended a seven-cents-an-hour increase, but this was rejected by the unions, which have asked a 35-cents-an-hour raise. Some 140,000 rail employees are involved.

21,000 At Fort Lewis

TACOMA (AP) — Senator Harry P. Cain told the Tacoma News Tribune today 21,000 troops will be moved into Fort Lewis starting Sept. 1. This is more than three times the number of troops now at the post, which had nearly 50,000 men stationed there at the end of the Second World War.

No Tito Comment

BELGRADE (AP) — Yugoslavia's press and radio carried nothing today about the Cominform's attack on Yugoslavia.

The statement appeared in Communist newspapers outside Yugoslavia. There was no indication it would be printed in Borba, official organ of the Yugoslav Communist Party.

Troops To Go North

EDMONTON (CP)—A 1,000-mile sweep—one of the broadest ever planned for a military exercise in Canada—was announced today when Western Command headquarters ordered "Exercise North 11" for Aug. 16 to 26. The locale is the Alaska Highway.

James G. McDonald, above, of New York, chosen by President Truman, will serve as special representative of the United States to the Jewish provisional government of Israel. McDonald, 61, was a member of the Anglo-American Commission of Inquiry on Palestine in 1946.

Communists Accused; Meat Rations Cut As Dock Strike Spreads

LONDON (AP)—The King signed a proclamation declaring a national emergency tonight to deal with the dock strike, which is threatening Britain's food supply and export recovery drive.

Meanwhile, the people, their meagre meat rations drastically cut, tonight had the dock strike issue put squarely before them in a broadcast by Prime Minister Attlee.

Earlier in the day the Prime Minister had told the House of Commons a Royal proclamation had been requested to prevent more serious threats to Britain's food supply.

The strike spread from London to Liverpool and Birkenhead, holding up the unloading of a total of 210 ships at both ports where an estimated 9,000 dock workers are idle.

"Communist mischief" was partly responsible for the work stoppage, Mr. Attlee said, adding that "full use would be made of further service personnel to maintain the economic life of the people."

GRAVE INJURY

"The irresponsible action of a section of the workers is inflicting grave injury on the nation," he told the Commons.

The Prime Minister disclosed that Labor Minister George Isaacs had been recalled from a visit to San Francisco.

The government, which had used not more than 300 troops to move perishable food supplies from strike-bound ships, had 6,000 service personnel on call today.

The strike, threatening the national drive for economic recovery by delaying vital exports, caused widespread losses on the London Stock Exchange during the day.

LITTLE MEAT NOW

Greater London's more than 10,000,000 residents are affected. Their small ration of 10d (18 cents) worth of fresh meat a week already has been cut to 6d (10 cents). The deficiency, the Food Ministry announced, will be made up with corned beef.

The emergency regulations asked for by the government are like those of war days. They permit the government to conscript and direct labor at will. Under the regulations, all registered workers are subject to emergency regulation.

Cominform Tells Yugoslav Premier To Change Or Quit

PRAGUE (AP)—The Communist Cominform charged today Yugolslav Communists had departed from the Marx-Lenin line and that their leaders, including Premier Marshal Tito, pursued a hateful policy toward Soviet Russia.

The Cominform called for "either a true return to Marxist policy or a change of Communist leaders in Yugoslavia."

This marked the first break in the ranks of the nine eastern countries which formed the Cominform—the International Communist "Information Bureau"—at a meeting in Poland last fall. Yugoslavs were among the founders and Cominform headquarters were established in Tito's capital, Belgrade.

An official statement today said Yugoslav representatives of the Communist Party had refused to take part in a session of the Cominform held "the latter part of June" in Romania.

The statement of the Communist information bureau was published in Rude Pravo, official newspaper of the Communist Party of Czechoslovakia.

The first paragraph of the resolution, or statement, said "the Cominform asserts that the leadership of the Yugoslav Communist Party has been lately undertaking entirely wrong policy on the principal questions of foreign and internal politics which means a retreat from Marxism-Leninism."

Old-Time Victoria Recalled At Luncheon For Oldsters

Recollections of Victoria as a waterfront todwn with dusty roads, board sidewalks, saloons on nearly every corner an an "Old Iron Church," were recalled and exchanged at a luncheon meeting of old-timer at the Empress Hotel today.

The party was arranged by the tourist trade group of the Victoria Chamber of Commerce as a tribute to persons who have lived in this city for 70 years or more. Twenty-nine women and 27 men attended. Combined ages of the 56 amounted to 4,345 years, giving an average age of over 77.

IN CANADA 72 YEARS

Oldest of the group was Mrs. Louise Luscombe, 1019 Collinson Street, who will be 95 at the end of July.

Born in England, she came out to Canada 72 years ago and married Thomas Luscombe in Hamilton, Ontario. The couple moved to Victoria after their wedding and Mr. Luscombe found work as a gardener at Government House.

Mrs. Luscombe learned to share her husband's love of flowers and to this day takes a keen interest in the garden around her house.

An active woman, Mrs. Luscombe makes regular trips to the down-town business district when kindly neighbors offer to bring her down and take her home again in their cars.

Second to Mrs. Luscombe in seniority was Mrs. R. Bennett, 1516 Camosun Street, aged 93. Next in line was Mrs. Jane Morley, 2895 Colquitz Avenue, aged 91.

Various formulas were given by the guests for longevity. No two seemed to be alike, however. Some said getting up early and going to bed early was the secret. Others maintained that regular meals at regular times was the answer.

Some claimed they had never touched tobacco, beer or alcohol and this, they said, was the reason they had lived so long. One old gentleman, however, claimed he had been smoking since the time of his boyhood and a companion said moderate drinking was good for a person.

Geoffrey I. Edgelow, tourist trade group chairman, presided over the meeting. Brief addresses were given by Education Minister W. T. Straith, Acting-Mayor J. D. Hunter and Walter S. Miles, president of the Victoria Chamber of Commerce.

Following the luncheon, the old-timers were taken to see a movie.

'Hercules' Wrecked Parking Meters, Pays $20 And Costs

James A. Henderson, 18-year-old Victoria boy, was ordered to pay $39 by Magistrate H. C. Hall in city police court today.

This arose out of his demonstration of strength last Saturday night when he uprooted two Yates Street parking meters. Accused pleaded guilty of doing wilful damage to city property, was fined $20 and ordered to pay the estimated $19 costs for repairs.

Consetable Louis Kamann arrested Henderson after William A. Munsie, Dominion Hotel, reported to him he saw the defendent do the uprooting.

LONDON (CP) — Prime Minister Attlee today told the House of Commons that it is "almost certain" a meeting of Commonwealth prime ministers can be arranged in October.

Ship's Visit To Be Gala Affair

Civic officials aren't sure who's going to be entertaining who, but they are sure that the six-day visit of the U.S. Navy cruiser, Duluth, is going to be a gala affair for citizens as well as the visiting tars.

The cruiser is scheduled to dock at H.M.C. Dockyard Wednesday, and remain at Esquimalt until July 6.

The city will be invaded by over 1,000 officers, enlisted men and midshipment, and arrangements are being made between Leo J. Callanan, U.S. consul here, and John Baxter, retiring secretary to the Mayor, for the visit.

Mr. Callanan has advised the city the ships' band will be available for a band concert at Beacon Hill Park or any other location, which probably will be held Saturday afternoon.

Also the ship's orchestra will play for a public dance, costs to be borne by the U.S. Navy.

Mr. Baxter said the public dance has been arranged for Saturday night at the Bay Street Armories. The visitors will supply non-alcoholic refreshments for the affair.

Another dance for about 200 midshipmen off the cruiser is being arranged for Wednesday night at the Crystal Garden.

The cruiser also will be open to public inspection during the visit, times to be announced later.

100 Chicago Police, 11 Planes, Dogs Chase Bandit After Fight

CHICAGO (AP)—A gang of robbers armed with machine guns shot and wounded two policemen in a running chase late Saturday and then eluded more than 100 officers in an all-night manhunt around a wooded quarry.

Tracking dogs and 11 airplanes aided in the all-night hunt for the bandits, who were chased after they had held up an alleged handbook near Western Springs, a southwestern suburb.

Hundreds of spectators hampered the search around the quarry into which it was at first believed the robbers had fled. Searchlights lit up the eerie scene, an old quarry about two miles square which is filled with ravines, wooded tracts and swamps, and is bordered by steep walls.

FOUND COATS, MONEY

After dawn came, officers followed tracks from the gang's abandoned automobile to the banks of the Des Plaines River, about a half-mile south of the quarry. There they found thee raincoats on the bank. One contained several rolls of coins, a sawed-off shotgun, a machine gun, a carbine rifle, two .45-calibre automatic pistols and 18 or 20 clips of machine gun cartridges.

Searchers believed the gang waded the river, which is shallow at that point and about 150 feet wide.

Later, police arrested Daniel Sullivan, 37, of Detroit, in a railway yard at Blue Island. They held him for questioning on a charge of trespassing. Police said he denied any knowledge of the robbery.

Police said the gunplay started when the bandits stopped their automobile in front of an alleged handbook establishment in a cottage near Western Springs.

One gunman shot the lock off the rear door and the gang rushed inside. They robbed the cashier's cage of an undetermined amount of money and raked money from the poker table. As they fled, they warned patrons not to spread the alarm for 10 minutes.

GIRL GAVE ALARM

A small girl near the cottage spotted the armed men. She ran to a gasoline station and the owner called police.

Sgt. Charles Peterson, alone in a squad car, answered the alarm. As he alighted from his car a burst of machine-gun fire felled him, gravely wounded in the abdomen.

Later the gunmen were spotted speeding through Lagrange by Sgt. Howard Heinen and Lieut. Joseph Glegg of the Lagrange force, each driving a police car. The bandits outdistanced Heinen, but Glegg drew near them. One robber knocked a hole in the rear window of the bandit car and sprayed Glegg's car with machine-gun bullets. One grazed Glegg's arm, but he was not seriously hurt. He stopped and the gunmen sped on.

Almost a score of squad cars had joined the chase by this time. The robbers turned off the highway onto a dirt road, drove to the quarry, and abandoned their car.

Chicago Printers Accept Pay Boost

CHICAGO (AP) — A wage increase of $11.89 a week was reported Sunday to have been accepted by about 1,800 Chicago commercial printers.

A spokesman for local 16 of the International Typographical Union said the members voted "about 1,300 to 300" to accept the raise, proposed by the Franklin Association, which represents the city's major job-printing companies.

The spokesman added that in addition to the pay raise the proposal included other benefits which he did not describe and an 18 months' contract.

The new scale provides $92 for 36¼ hours of day work a week, $97.08 for 36¼ hours of night work, and $97.08 for 32½ hours on the third shift starting about midnight.

The settlement involves the commercial printers only. About 1,500 other members of the union are continuing their strike, now seven months old, against the city's five major daily newspapers.

Fisherman Claims He Rode On Whale

PROVINCETOWN, Mass. (AP)—A 17-year-old lobster fisherman Sunday came up with a whale story worthy of the pen of Herman Melville.

Frank Cabral Jr., who says he isn't too familiar with Melville's thrilling stories of the old whaling days, insisted this is what happened to him:

With his father, he was hauling lobster pots off Race Point. Frank was in one dory and his father in another.

Suddenly, Frank's small boat was hurled into the air by a whale. Frank and boat were thrown some 15 feet, he estimated. He landed on the whale's broad back.

Grasping a precarious handhold on the mammal's slippery back, Frank said he hung on while the whale sped along the surface.

The whale sounded, Frank continued, and the young fisherman almost went down with it. However, he said he managed to swim clear and made for his dory, floating nearby.

For proof of his amazing yarn, Frank pointed to a four-foot hole in his dory and scraps of whale hide under his fingernails.

2 Brothers Drown

SEATTLE (AP)—Two brothers drowned Sunday in Lake Alice, three miles off the Preston-Fall City road, while swimming during a family picnic. The victims were Leon Lane, 24, and his younger brother, Leroy, 11, of Seattle.

The drownings occurred when the older brother collapsed in the water. He had been carrying his younger brother on his back.

Arrested; Soon Freed

MARSHAL SOKOLOVSKY

BERLIN (AP)—U.S. soldiers in an armored car and a jeep chased Marshal Vassily D. Sokolovsky, Russian commander in Germany, for two miles Saturday night and arrested him for speeding.

As soon as the Soviet leader was identified his release was ordered and Gen. Lucius D. Clay, the United States commander in Germany, sent a personal apology to him.

Sokolovsky, who was not driving the car himself, was held for about 30 minutes. The arrest was made by U.S. military policemen in the American sector of the city.

The Soviet official was traveling on one of Berlin's super-highways, presumably en route from his office to his villa, when a United States constabulary patrol spotted he speeding car. Russian officials use the highway through the United States sector to get to their zone from downtown Berlin.

A military policeman said the car "was going to beat hell."

'Minor War' Needed To Rout Out Guerrillas From Malay Jungles

SINGAPORE (CP) — The Straits Times of Singapore said Sunday at least 4,000 to 5,000 guerrillas were massing in the jungles of terror-ridden Malaya and it would take a "minor war" to rout them out.

The newspaper's statement came after raids Saturday in which terrorists committed 10 political murders.

British police and Gurkhas fought another gun battle with gansters whom they surprised today in a house at Bampu Bahru, 26 miles northeast of here.

Two terroritsts were killed and two arrested. A fifth escaped into the jungle, leaving a trail of blood behind him.

The 10th of Saturday's slayings was reported this morning from a village south of Kuala Lampur, 200 miles north of Singapore.

Seven masked men shot and killed a Chinese mining foreman outside a shop in the village. When the body was found a note, pinned to it, read: "To destroy a labor thief."

A large-scale offensive against lawlessness was announced by Sir Edward Gent, British High Commissioner, last week.

Some officials in Singapore have expressed their belief that the political terrorism is a direct result of the Congress of the Indian Communist Party held in Calcutta last February. Lee Soong, the Malayan Communist leader, was in Calcutta at the same time for the Southeast Asia Youth Conference.

New York Woman Wins $20,000; Named Song

NEW YORK (AP)—A 42-year-old grandmother from Manhattan's lower east side won $20,000 in prizes Sunday night for correctly naming the title of a radio program's "mystery tune."

The woman, Mrs. Mary Farber, wife of a taxicab driver, named the mystery song over the telephone in her home when Bert Parks of the "Stop The Music" program (ABC) called her.

The correct title of the tune was "Get Out Of The Wilderness." It was an 1860-vintage song.

Italy Most Likely First To Sign For Marshall Plan Aid

WASHINGTON (AP)—Italy is expected to become today the first of the 16 Marshall Plan countries to sign a long-range aid agreement with the United States.

The 15 other participating countries are due to sign later.

The agreements mainly commit each of the European countries to a program of self-help and mutual aid as its part of the over-all European Recovery Program.

The pacts were negotiated in Washington by Willard Thorp, Assistant Secretary of State, with the Ambassadors of the European countries but they will be signed in the European capitals.

The Italian government was reported prepared to give its full acceptance to the agreement today. Several other powers, notably Britain, will require parliamentary approval.

False Alarms

Following a warning by Inspector Harry Mercer, chief of city detectives, on Saturday for merchants to be on the lookout for bogus $10 U.S. Treasury bills, three city merchants telephoned police they had had "phony" bills passed on them. Det.-Sgt. H. Jarvis and Detective A. Munro attended and found the bills were perfectly legitimate.

'The Porter Sisters'

Three Salvationists, now attached to the Victoria West Corps, were present at the opening services in 1887. They are native daughters, known as the Porter sisters, Mrs. A. Bent, Mrs. R. Duggan and Mrs. R. Eccles. Their parents were Mr. and Mrs. John Porter, the first color-sergeant and War Cry sergeant, respectively.

Gasoline Blast Destroys Cruiser Killing 1 And Injuring 3 More

FRIDAY HARBOR, Wash. (AP)—The owner of a small cabin craft was killed and three passengers were seriously injured late Sunday in a gasoline explosion that destroyed the 28-foot cruiser.

The searing blast was touched off in the engine room during a pleasure trip around the harbor of this San Juan Island port.

The owner, George Wilson of Friday Harbor, was blown into the water.

Deep burns were suffered by Mrs. Wilson, and two guests, Mr. and Mrs. George Thompson of nearby Lopez Island.

Seeing Wilson was badly hurt, the three leaped into the water and kept him afloat until a nearby charter boat operator, Bud Cox of Deer Harbor, pulled them aboard and speeded here.

An unidentified doctor from Alaska, who had docked his cruiser a few moments earlier, worked over Wilson for two hours before pronouncing him dead.

Thompson told his physician they had smelled gas fumes and Wilson had gone into the cabin to investigate when the explosion wracked the pleasure boat.

A Coast Guard patrol craft extinguished the flames after they had burned to the water line. The charred hull was beached at the entrance to the harbor, where the accident occurred.

London Papers Warn Showdown In Berlin Might Bring World War

LONDON (Reuter) — Possibility of a third world war was envisaged by several leading British newspapers in their editorials today, all of which urged the Western Allies to make a firm stand in Berlin.

The Liberal Manchester Guardian said: "Logical end of our ejection from Berlin is war, if not immediately, then within a very short space of time.

"The Russians, we may guess, do not want war. But, like Hitler, they are prepared to go a long way towards it by threats of war."

The Conservative Daily Telegraph said: "Weak acquiescence in Russian control of Berlin would be the certain prelude to a third world war."

The Times considered "desperate talk of sudden war, and even of atom bombs, is out of place."

"If the Russians do not want a conflict—and their deeds will tell—a reasonable arrangement for Berlin, its money, and much more is perfectly possible.

"The western aim is not war but peace and resettlement."

The Conservative Daily Mail commented: "To assert our rights in Berlin might lead to war. It might be the signal for the use of the atom bomb. But we do not think it would. We believe the Russians would retreat."

Filipino Actress, Maid Slain; Leading Man Confesses

MANILA (AP)—A beautiful Filipino radio and film actress and her maid were stabbed to death early Sunday, and Manila police announced today her leading man had confessed.

Lilian Velez and her 17-year-old maid were killed with a hunting knife. Several hours later, the actress' four-year-old daughter, Vivian named the slayer. She said she had seen her mother killed.

Film actor Narding Anzures was taken to a police station after surrendering voluntarily to Mayor Manuel de la Fuente. Police quoted the actor as saying:

"I did it. I don't know what happened or how. I was under a spell. I do funny things sometimes and everything just goes blank."

The 21-year-old actor had co-starred with Miss Velez in several pictures—including "G.I. Fever," the first movie made in the islands after the liberation.

Another maid said the slayer entered the house by cutting a window screen with an old hunting knife. Vivian told Manila police that she was peeking through a crack of her bedroom door when the man entered the room.

She said he stabbed the actress and her mother "ran to my room.

"Her dress was all bloody," the gird said. "She carried me to the next room, where our maid was sleeping and locked the door."

The mother's body was found outside the child's door.

Vivian said she did not witness the stabbing of her mother's other maid, Pacita, 17.

The slayer fled in a taxicab after attempting to batter down the door of the room in which Vivian and the maid were locked.

Police said the star's husband, Jose Climaco, veteran vaudeville and radio actor, returned home from a night club of which he is manager to find his house filled with detectives.

Calf Acts Like Fawn

INNISFAIL, Alta. (CP)—A Jersey calf which sprints, and which has all the "earmarks" and the spots of a fawn has been born to a cow belonging to the herd on John Gaetz's farm here.

The mother, who was only 16 months old last week, gave birth to the calf three weeks ago, and since that time the calf has been taking on more definite deer-like characteristics.

Mr. Gaetz has no doubt the father is a wild deer. The youngster gambols about with extraordinary agility. Its colorings is fawn, and on its right side are the light spots usually seen on a fawn.

May Uproot Tracks From All City Roads At Once---Hunter

Acting Mayor J. D. Hunter said today the city's public works committee is contemplating calling tenders for immediate removal of all streetcar tracks on city streets.

One contract has been awarded to a California company now at work uprooting about one-third of the rails. Contracts for the remainder of the work were to have been let next year and in 1950.

"But we think that it might be wise to get the whole job cleaned up as soon as possible," the Acting Mayor, who is chairman of the public works committee, said.

Costs of removing the rails would be paid from the $1,156,800 which property-owners authorized the city last week to borrow for a four-year road construction program.

"We might just as well spend it now as next year or the year after, and we think the public would welcome the tearing up of the tracks from all streets at once," Acting Mayor Hunter said.

Victoria Fire Department put out two chimney and one beach fire this morning, the latter on the Dallas Road waterfront opposite South Turner Street.

New Health Officer Named For Island

Dr. A. N. Beattie of Nanaimo has been appointed medical health officer for the unorganized territory included in school districts 65 to 70 and for the west coast of Vancouver Island from Port Renfrew up to and including Ucluelet.

Appointed by order-in-council of the provincial government, Dr. Beattie, formerly of Kelowna, succeeds Dr. J. A. Taylor.

Drug Store Entered; Nothing Missing

Bert Aaronson, proprietor, reported to city police he could find nothing missing from his drug store at Fort and Cook Streets, following forcible entry Saturday night. Constable Louis Kamann found a rear door bolt forced.

The Newfoundland Club will hold its annual basket picnic at Willows Beach Saturday afternoon, with supper at 6.

IT IS APPRECIATED

PREMIER BYRON JOHNSON'S EXPRESSION of satisfaction over the "very generous" flood assistance to be provided by the federal government will have been echoed by virtually all residents of British Columbia, and particularly by those who will benefit most directly from the relief grants. The Dominion authority will provide $5,000,000 for temporary relief and rehabilitation costs, with the province contributing to the latter item on a 50-50 basis. Ottawa will also set aside $4,500,000 to pay for a re-diking program, in which British Columbia will take part to the extent of one-third of the national contribution. A further Ottawa grant of $550,000 for replacement of federal structures, communication lines and obstructed channels brings the total projected outlay by the Canadian government to well over $10,000,000. The provincial administration's contribution of an estimated $2,500,000, plus about $2,000,000 in the Flood Fund to be administered by the Red Cross, places the whole project in the category of large-scale undertakings.

There will be general agreement, too, on Mr. Johnson's reference to the help which has accrued to this province through the efforts of the federal member for Victoria, Hon. R. W. Mayhew, as well as Mr. Howe, Mr. Abbott and Mr. Claxton. Under Prime Minister King, said Mr. Johnson, the federal authorities have shown a "splendid spirit of co-operation and sympathetic understanding" in British Columbia's hour of need. It was Ottawa's prompt recognition of the flood as a "national disaster"—to quote Mr. King—that enabled large-scale assistance to be inaugurated so effectively.

Finally, there is heartening news in Mr. Mayhew's assertion that diking measures to be undertaken will afford the people of the affected areas "greater security from floods than they have ever known before." In this he added further weight to Premier Johnson's statement that "the reconstruction work will be of such a character that the people's confidence in the protection of their property will be maintained and a sense of security established beyond that which they have enjoyed before." Thus from the evil of disaster may come eventual good. Both collectively and individually, Canadians have shown the oneness of their community.

IN A LIBERAL STRONGHOLD

TODAY IN NEW BRUNSWICK THE electors are going to the polls to choose the personnel that will constitute that province's 20th Legislature. Four seats have been added by a process of partial redistribution. This will bring the membership of the House up to 52—four more than that of British Columbia.

At the time of prorogation, Liberals supporting Premier John B. McNair numbered 36, Progressive Conservatives responsible to Mr. Hugh MacKay, 11, with one Independent. With five members already elected by acclamation, the Liberals are sponsoring 47 candidates for office in the remaining 16 constituencies. (It should be noted that all ridings in New Brunswick are multiple, ranging from two to five seats.) Forty aspirants are carrying the Progressive Conservative banner, while 20 C.C.F. candidates and five Social Credit followers have appealed for support at the polls. Eight Independents complete the choice.

In these times, of course, all political election results have important significance. They reveal the manner in which people are thinking. What the counting of the ballots in New Brunswick will disclose, therefore, can be added to the appraisal of the nation's political thought.

MENNONITE ASSIMILATION

MORE THAN PASSING SIGNIFICANCE may be attached to the analysis made by Dr. Frank Foulds, director of citizenship in Canada's state secretary's department, relative to the assimilability of Mennonites. The fact that only the elders are leaving for Paraguay in an emigration movement believed to reflect dissatisfaction with the modern ideas of their sons and daughters, indicates to Dr. Foulds that the younger element is accepting the Canadian mode of living and does not wish to trade it for an uncertain future elsewhere.

While the migration of the senior members of Mennonite communities may be taken as a criticism of the standards and "worldliness" of their children, the reaction of the young people may be interpreted in a more constructive vein than that suggested by the implied censure. These, after all, are citizens of the Dominion who have been afforded the opportunities which Canada can give to its people. It is not unnatural that they should take a more realistic attitude to the conditions and times in which they live than a generation which has, to a considerable extent, kept itself aloof from national trends of the day. Canadian schools and Canadian institutions have succeeded in breaking down the barriers that might have been erected by a colonization system followed more closely by the older group. Whatever the specific community may think of the change in attitude, it is one to arouse some satisfaction among those citizens of this Dominion who are concerned primarily with the ideal of welding a nation from the component parts of its various peoples.

If those who cannot bring themselves to assimilation wish to withdraw from the country, that is their privilege. It is a course, moreover, infinitely preferable to that of more fanatical sectists who have taken the law into their own hands to employ fire and terror in the self-dedicated task of passing sentence on their less extremist brothers. Certainly the young Mennonites of whom Dr. Foulds speaks illustrate the possibilities which exist to bring within the fold of Canadianism the younger branches of families whose seniors have sought to isolate themselves from the pulsing stream of a healthy national outlook.

WE CANNOT AFFORD FIRES

WITHIN THE NEXT FEW DAYS BRITish Columbia's vacation season will be in full swing. Those students who are still writing examinations or completing courses will be released from their labors, and holiday time will be here with all its attractions. For others returning to farms and communities from which flood waters are receding, the days ahead can scarcely be happy. They have suffered severe loss and they can start rehabilitation efforts only by applying themselves courageously and earnestly to the tasks before them.

Their losses and the injury which has been done to the provincial economy by water, emphasize another danger. The fire season, late this year, may be on us any day now. We, as British Columbians, cannot afford to compound our misfortunes by carelessness in the woods through blazes which can be prevented by the use of ordinary caution. Probably more than ever before the necessity for alertness to this menace will be with us. Agriculture in the province has felt the impact of a severe blow. Our primary forest industry must not suffer through human agency.

There are many simple rules which ought to be observed in their entirety. A special injunction is laid on smokers to see that no lighted match or glowing cigarette is carelessly tossed from an automobile. Campers, picnickers and summer resort frequenters must pay particular attention to their fires. No live embers must be left to kindle in a chance breeze and spread to adjoining woods or fields.

The price British Columbia has paid for preventable fires in recent years is staggering. We cannot afford repetitions. The lessons of prevention must be pressed home to every citizen, young and old, and every visitor, particularly at this period of the year when the out-of-doors assumes its highest popularity.

MR. GREEN'S STATEMENT

EVEN THOSE WHO MORE OR LESS detest labor leaders of any stripe will never accuse Mr. William Green, head of the American Federation of Labor, of timidity. This does not mean that he always has been wise in his pronouncements of Labor's case—his mixture of abstract labor politics with a malleable public opinion—but his inherent belief that the average trade union should avoid aligning itself with any political party is basically sound. Such a policy preserves complete individual freedom of choice by union members in all matters affecting the national welfare.

The foregoing comments, of course, are inspired by the statement which Mr. Green issued on Saturday—which, in effect, intimated to the electorate of the United States that the A.F. of L. would require a good deal of persuasion to support or vote for the Dewey-Warren Republican presidential team. Whether the eminent labor leader is competent to speak for the rank and file of workers who will mark their ballots next Nov. 2 is a point upon which we are not prepared to pass judgment. The statement in itself, however, is one which may bring comfort to President Truman and, by the same token, cause Governor Dewey and Governor Warren to seek the right phrase for a counter blast.

DO WE SAY 'DOOEY'?

AFTER LISTENING TO BROADCASTS by numerous participants in last week's Republican nominating convention which came over the airways from Philadelphia, we are almost constrained to suggest to our neighbors, whose propensity for establishing organizations to do this and such, that one might be formed to discuss the correct pronunciation of the name by which the Governor of New York State is known. Only one or two of the radio commentators and scarcely any of those who spoke in his behalf pronounced the surname of the chief executive at Albany in the manner to which we on this northern side of the 49th parallel are accustomed. In other words, are the peoples of the world who will be listening to campaign speakers between now and next Nov. 2 to be told of the doings of Republican candidate "Dooey"? Or should he be known by the more conventional Dewey? The question is asked with a view to determining whether or not the former pronunciation represents a new development in what is called by some the American language.

Life says caged squirrels, unable to think, needlessly store food for winter. Why not? How do they know they will be fed when winter comes?

Sincerity By Action

By VINCENT AURIOL
President of France
(Excerpts from a recent speech)

I WANT TO TELL YOU today what is in my mind. My thoughts are the thoughts of France, in complete agreement with the views of the Prime Minister, the Minister of Foreign Affairs and the government. Three years have now gone by since the war ended, and our allies are so divided that we sometimes wonder whether we are living in a postwar or prewar period. It was Lamartine who declared: The Republic will carry on no secret or incendiary propaganda in other countries. There are no lasting freedoms except those that are born spontaneously on their own soil. And that is the first condition of true understanding between nations—respect for everyone else's political independence and rejection of any interference in one's own affairs. I am sure that no one will contradict me in this, not even those who have reproached me for saying that national sovereignties should be joined and each of them limited if necessary for the higher interest of the common good and common security of all nations.

AND THAT IS THE SECOND condition if we are to have a workable peace organization. France is proud to have been the first to express it many years ago, to have recalled it in the midst of the clandestine struggles of the National Council of Resistance and to have solemnly proclaimed it at the head of her Constitution, with the reservation that it should be mutual. The preamble states: "France agrees to any limitation of sovereignty necessary to the organization and defence of the peace." But unfortunately, this principle of international sovereignty, to which national egoisms must bow in respect for the independence of each state, is not yet universally recognized and that is the malady from which the United Nations Organization is suffering. But everything is urging us to a logical organization of the world.

THE NECESSITIES of a changing world economy are such that no nation can live without the others. Prosperity, like peace, is indivisible. Already, a certain number of European nations have realized this and with the co-operation of the great and powerful republic of the United States, have begun to organize. The Marshall Plan would be vain and temporary aid if the interested nations did not succeed in strengthening and developing their union. That means common institutions, a common economy, a common defence and a common policy. What nation, I ask you, would feel itself lesser because it assures its own prosperity by contributing to that of the others, because it defends its own freedom by joining it to the freedom of others, because it guarantees its independence and security by uniting with others in common respect for international law? These results have as yet been accomplished only to a limited extent but the partially organized Europe welcomes all countries of good will.

IF WE CANNOT, for the time being, make a world, let us make a Europe and if we cannot make a whole Europe, although holding fast to the idea, let us make a part of Europe. Both prudence and the natural process of evolution demand that we do so. France has never ceased to work for the friendship of all nations, and her geographical position and her love of universality predestine her to the role of bringing together and uniting countries.

HOW CAN SHE HELP insisting that the German problem be solved without delay? How, in the interests of her own security and that of her neighbors in western, central and eastern Europe, can she cease to demand that the great German nation, which must one day lead an independent life in the democratic world community should no longer be a centralized, armed power with an inexorable urge for domination and war but a group of federated states in a federated Europe. How can she fail to insist that the arsenal of the Ruhr be henceforth an arsenal of peace controlled by all the states so as to provide some small reparations and to serve European reconstruction, including that of Germany.

HOW DOES THIS BIDDING for Germany's favor work for peace? How does it help the interests of the nations or of the German nation itself? And what of the loyalty sworn in the United Nations charter? It is time to return to the spirit and to the letter of that charter. People are tired of peaceful proclamations which lead to no constructive proposals while we live in an atmosphere of armed fear with a series of actions going on which seem to bring the frightful danger ever nearer. I am certain that men and women throughout the world who know that another war would destroy their children, their property and their hopes, would be relieved to see statesmen conduct themselves as such and above all simply as men, without regard for propaganda or personal prestige, solving problems according to the principles of justice and the common interest and putting an end to these debates, procedures, insidious notes, these pricks and prods which serve no one's prestige or influence and still less the cause of peace.

LET THOSE WHO FEAR traps and ulterior methods realize that the sincerity of words is always measured by actions, and that the best way to test the good faith of others is to take them at their word. There is no cleverness except in integrity, no victory except in justice.

If This Trick Succeeds, He'll Get Top Billing

Nanking—Capital Of China

CHINA NEWS BULLETIN

NANKING, SEAT OF THE National government of China, is situated on the south bank of the Yangtze River in the section of China's greatest natural wealth at a point about 250 miles from the mouth of the river.

CITY WALL

The whole municipality of Nanking takes in about 123.76 square miles, the center of which is enclosed by a city wall measuring some 22 miles in length. The port of the capital is called Hsiakwan and is situated outside the city wall in the immediate north part of the city. On the opposite bank of the Yangtze is Pukow, the terminus of the Tientsin-Pukow Railway.

According to the latest census, the population of Nanking reached 1,118,734 by the end of January, 1948. The city is planned to accommodate 2,000,000 residents.

Historically, Nanking has been a place of splendor and stateliness. The city was first constructed during the period 722-479 B.C. It became the capital of Wu, East Tsin, Sung, Chi, Liang and Chen, known as the "Six Dynasties," which succeeded each other in rapid succession between the years 222 and 581 A.D. It again became the capital of China during the 14th century when the first Emperor of the Ming Dynasty conquered the Mongols. The ancient tomb of the first Ming emperor with its rows and rows of giant stone statues and animals guarding the approaches is still extant at the foot of the Purple Mountain.

Besides river communications, Nanking is connected by railways with Shanghai; Wuhu, the rice centre of central China; and Hangchow, capital of the Chekiang province. Like all the Chinese cities in the postwar era, communications within the city constitute a daily problem. Nanking is large and sprawling, and the demand for transportation is extremely heavy. The vehicles on Nanking's streets are an amazing assortment including automobiles, trucks, buses, rickshaws, jeens and motorcycle-pulled carriages.

LITTLE RAILWAY

There are no trolleys in the city. While the vehicles of the municipal bus company and the privately-owned Kiangnan Bus Company carry a big load of the city's commuters, Nanking's 15-kilometer "little railway"— the Chinese equivalent of subways and elevated trains—plays a very important part. Some 20,000 commuters patronize the trains each day. This "little railway" is owned and operated by the Nanking municipal government and has been serving the public for 40 years.

Besides being the political center of China, Nanking is one of the nation's leading educational centers. The more well-known universities and colleges are: The National Central University; the University of Nanking; the Ginling Girls' College; the Central Political Institute and the Central Military Academy. The National Central University is famous for its college of science and its medical school, and the University of Nanking has perhaps the best agricultural courses in China. The Central Military Academy, known as the "West Point of China," has turned out thousands of fine officers for the Chinese Army.

PUBLIC HEALTH

In the field of public health, the municipality operates a general municipal hospital; an isolation hospital; a hospital for opium addicts and many clinics for social diseases. Eighteen health stations function in the city proper and in the suburbs. These stations give free medical treatment to the public and maternity cases are handled free for those unable to pay.

Super Planes Will Feature Air Show

Aircraft News Letter

ONE of the largest exhibits by a single company at the S.B.A.C. Flying Display and Exhibition to be held at Farnborough next September will be that of Vickers-Armstrongs. As well as their stand in the static exhibition, they are likely to have no fewer than seven different types of civil and military aircraft on show.

JET AIRLINER

The supermarine division will be represented by the Attacker jet fighter, the Seafire propeller-driven naval fighter, and the new Seagull naval amphibian. From the Weybridge works of Vickers-Armstrongs there will be the 32-passenger Viking airliner and its R.A.F. transport counterpart the Valetta, together with one of the first representatives of the airliner of the future, the propeller-jet powered Viscount. The remaining attraction is the world's first all-jet airliner, the special Viking powered by two Rolls-Royce Nene turbo-jet engines.

Of the seven aircraft, the Attacker, recent holder of the closed-circuit world speed record of 564 m.p.h., will certainly put up the most spectacular flying display when its handling qualities and flashing speed are demonstrated by a test pilot. An order for a number of Attackers may soon be placed by the Ministry of Supply, an official of the company has just announced.

Equally impressive in a different way is the Nene-Viking. At its maximum speed of about 350 m.p.h. it is getting the equivalent of approximately 5,000 h.p. from each of the two jet engines. Much of what is learned from the flying tests of this experimental airplane will contribute to the design, construction and operation of future jet airliners.

SMOOTHER FLYING

Four Mamba turbo-prop engines power the Viceroy, now approaching completion. Construction of the Armstrong Whitworth Apollo, with the same type of engine, is also well advanced and to one of these two aircraft will fall the distinction of being the first airliner to fly with turbo-prop engines. The gas-turbine-propeller engine is in effect a jet engine in which about four-fifths of the power is used to drive a propeller at the front of the engine, the other fifth giving jet thrust to the rear. From the passenger's point of view, the main virtue of this form of propulsion is smoother, quieter flying conditions.

Famous for many years as designers of amphibian aircraft, Vickers have embodied their long experience of the land-sea type in the Seagull monoplane, fitted with a Griffon engine driving two contra-rotating propellers.

INGENIOUS WING

Chief feature of interest, however, is the very ingenious wing. It can be pivoted at its roots to adjust its angle of attack; that is, it can be "tipped up" to give a quick take-off or slow landing, and returned to its normal position for cruising or high-speed flight. For stowing the Seagull in the limited hangar space aboard a carrier, a power-operated wing-folding system is fitted.

These features, together with its good performance and amphibious accomplishments, make the Seagull an attractive aircraft for spotting, training, air-sea rescue, and many other duties.

Insuring Peace

Montreal Star

"Speak softly," said Theodore Roosevelt, "but carry a big stick." With its draft-thickened big stick, the U.S. will be better able in international exchanges to make its point, the wisdom of speaking softly.

By this action the United States heartens all who believe in peace and who know that it has its price in preparedness.

Swedish School Meal

Toronto Star

Recently Sweden joined the growing group of countries that are providing noon meals for school children.

Some schools in Sweden had begun to supply meals to children at school as early as 1845. Then the service was financed by municipal or private funds. In 1937, the Swedish government commenced to provide funds for school meals, but on a limited scale. Now the school meal service has become national in scope.

CAN COMMUNISM endure—that is, the Russian brand of bolshevism which has small relation to the "ism" as originally conceived generations ago or to socialism as practiced by numerous countries of western Europe?

This column previously has expressed the view that communism is likely to blow up in due course. I believe this because the "ism" is an evil thing which deprives man of his bill of rights and rules by terrorism. Nothing so bad can endure indefinitely.

For some years before the war, a large percentage of the people of western Russia, especially farmers and other property owners, were mentally hostile to the bolshevist government. Their attitude was largely one of unspoken resentment, for they soon learned that he who voiced disapproval would meet fierce punishment at the hands of the secret police. All this is easily understandable when one recalls that the Slavs are liberty-loving and often have battled for their freedom.

With the eviction of the Germans, the western areas of the Soviet Union resumed their place in the Communist police state. But while they now had a bitter hatred for the Germans, they didn't like Red police rule any more than they did before the war. They accepted it because they had to.

Then came the Muscovite conquests in eastern Europe. Country after country has taken over by strong-arm methods and "communized." That is, Communist-dominated governments were established, but the people by and large weren't communized. Many of them paid with their lives or liberty for their opposition to communism. Others fled to free lands where they live in exile.

So we see in Soviet-dominated territories of eastern Europe a great mass of people who hate the servitude of communism but thus far have found no way to escape it. However, close observers believe that one of these days the Red lid is going to be blown off somewhere. That very well could precipitate a general upheaval among those who are longing for escape from police rule.

UNFOLDING PATTERN
Montreal Gazette

Freedom is fundamental to man. He cannot survive without it. He requires freedom to travel in his own particular way; to listen to the deep dictates of his heart; to follow through evil or through good report his inner guidance.

If at times he mistakes the voice and follows the course of unwisdom, this only impresses more the need of turning again to the infallible within, realizing, as he does, that somewhere, somehow, a pattern is unfolding which will eventually lead him to infinite good.

WITHIN HIS RIGHTS
London (Ont.) Free Press

Paul Robeson may have been on unsound ground when he refused to disclose party affiliations in a matter where they would undoubtedly have a bearing on his testimony. But he was within his rights when he pointed out to the committee the great appeal which the Communist party in the United States has to Negroes because of its stand for complete equality of all races.

As long as there is racial discrimination in the United States there will be backing among those discriminated against for any party which stands for equality, whether it be called Communist or by some other name.

APPLES AT SCHOOL
Windsor Star

There's something wholesome about apples. They're so clean and smooth and lovely to look at and even better to taste. They make you think of the good things of life, and rule out the bad.

Mr. Alban Tracey, Ottawa architect, probably thought so, too, when he wrote his will, which leaves a trust fund of $1,000 to provide a hamper of No. 1 McIntoshes each Hallowe'en and each Christmas for the children of No. 2 public school at South March, which he once attended.

Or maybe he figured it was about time there were apples for the kids instead of just apples for teacher.

Trial Of King's Secretary May Reveal Big Siam Plot

By M. SIVARAM

BANGKOK, Siam (Reuter)—The inside story of the death of 21-year-old King Ananda Mahidol in his bedroom at the royal palace two years ago may be revealed when the trial of the late king's secretary, Nai Chaleo Pratumrot, on a charge of murder opens next month.

Two other officials of the Siamese royal household are charged with complicity.

Secrecy is being maintained regarding the findings of a special investigation committee which for neary six months has been collecting evidence on the circumstances of the king's death.

This committee, headed by the chief of the Siamese criminal police, has just returned here from Lausanne in Switzerland, with a 10-page statement by King Phumiphon Aduledej, Ananda Mahidol's brother, who succeeded to the throne two years ago.

The officials are also said to have obtained "important evidence" from the late king's mother and members of the royal suite at Lausanne.

Maj.-Gen. Phra Phinit Jonagadi, chairman of the committee, said evidence gathered from members of the royal family at Lausanne "confirmed what were hitherto mere conjectures" regarding the king's death.

VICTIM OF ASSASSINS

The investigators said the king was the victim of an assassin's bullets. They suspect a large-scale conspiracy, involving some of the leading personalities in the kingdom.

While the committee declined to divulge further information, a high authority quoted the investigator's report as listing Pidi Panomyong, ex-prime minister and elder statesman, among those who had "a hand in the king's death."

Panomyong, who left Siam following the military coup d'etat last November, now is in Singapore.

New Drug Aids Paralysis Victims

ROCHESTER, N.Y. (AP) — A new drug, myanesin, overcomes some crippling effects of infantile paralysis, cerebral palsy and other diseases, two scientists reported today.

It works by relaxing muscles that are twisted, rigid, or shaking uncontrollably due to nerve disorders, and permits normal or near-normal movement again. It does not help in paralysis or crippling where nerve pathways have been dstroyed.

The findings are announced in the June 26 Journal of the American Medical Association by Dr. R. Plato Schwartz, associate professor of orthopedic surgery, and Dr. Frank M. Berger, assistant professor of pediatrics at the University of Rochester Medical School. Dr. Berger developed myanesin, a synthetic drug derived from glycerin, two years ago in Britain.

In its new form, myanesin can be taken as a cherry-flavored drink, to mask its bitter taste, or in tablets.

VICTORIANS IN HALIFAX—Two Victorians renewed acquaintance in Halifax last week when 200 mayors and civic officials from cities and towns all across Canada turned sailor for two hours when the Royal Canadian Navy took them on a two-hour cruise to Bedford Basin and the approaches to Halifax Harbor. Here, Mayor Percy E. George is shown on the bridge of Canada's weather ship, H.M.C.S. St. Stephen, with Lieut. E. M. Chadwick, also of Victoria, St. Stephen's commanding officer. Following the cruise, more than 350 delegates to the annual convention of the Canadian Federation of Mayors and their wives visited H.M.C.S. Magnificent, Canada's newest aircraft carrier. Mayor George is expected back in this city from the convention a week from today.

ARACHNE AND BRUCE FEATURE STORIES OF SPIDERS

Here is a story which goes back thousands of years:

"There was once a beautiful maiden whose name was Arachne. She was an expert with the needle, and no one else in Greece could equal her skill. From the thread which she spun, she wove garments of rare beauty.

"Everything might have gone well with Arachne if she had not grown vain. As it was, she let the good words of her friends turn her head. She boasted that she was better at spinning and weaving than the goddess Athena. Learning about this the goddess came to her and said, 'Vain creature, you have been too boastful and I shall turn you into a spider. All of your days from now on, you shall spin and weave'."

Nowadays no one supposes that the goddess Athena, or the maiden Arachne, had anything to do with the spider tribe. Scientists, however, have given Arachne's name to the "arachnid" group, which includes spiders, scorpions and mites.

Most persons think of spiders as being insects, but a spider has eight legs, or two more than belong to a true insect, such as a fly or a bee or an ant.

Another story which has to do with spiders has grown up around the name of the Scottish hero, Robert Bruce. We are told that after he lost several battles, Bruce hid in a barn. He wondered whether there was any use in keeping up the fight any longer.

While he was resting in the born, he caught sight of a spider which was trying to leap to a certain beam so that it could lay a crossline as a start for a new web. Six times the spider failed. Then, on the seventh jump, it was successful.

"That is an example for me!" Bruce said to himself. "Now I shall go forth and try to turn failure into success."

Bruce gathered a new army, and led it to victory in the famous battle of Bannockburn. This turned the tide for him, and soon afterward he obtained a firm hold on the throne of Scotland.

Merchant Seaman Wins Carnival Car

C. Gardner, a merchant seaman, who lives at 659 Grenville Avenue, was named winner of a 1948 model automobile Saturday night at the close of the Optimist Club's three-day carnival.

Mrs. Jessie Taylor, 2528 Rose Street, won as second prize, an electric refrigerator.

All persons who had purchased admission tickets to the carnival were eligible for the prizes. Selection of the winners was decided by a draw conducted by members of the carnival crowd.

"We made a promise we would give our major gifts away tonight," Optimist president Harry Rennie told the crowd as the carnival came to a close. "We didn't say how and we didn't say why, but we intend to keep our promise."

Realizing he was walking on dangerous legal ground, he suggested the crowd determine and conduct the distribution of prizes.

"Let's have a draw," someone shouted and the rest immediately joined in the cry.

Martin Funk, personnel manager at a city lumber yard, was pushed forward by the enthusiastic crowd to pick a name from the drum containing the ticket stubs. The name he drew was that of Mr. Gardner.

Two other men, Norman Baker and Ray Philon, conducted the draw for other prizes.

Deafened Now Hear Whispers 5 Feet Away

Tests by the American Medical Association's Council on Physical Medicine show that science has now enabled deafened people to hear faint sounds, to easily understand whispers from five feet away, aided by a tiny hearing device so light you hardly know you are wearing it. With it thousands now enjoy music, sermons and friendly companionship. Finger-tip controls let you adjust it instantly to changing sound conditions. No separate battery pack, wires or harness bulges to weigh you down. The makers of Beltone, Dept. 25, 1450 W. 19th St., Chicago 8, Ill., are so proud of their achievement that they will gladly send you a free descriptive booklet and explain how you may test this remarkable device in your own home without risking a penny. Credit Union Groups Receive Praise From Attorney-General

Delegates to the three-day joint convention of the B.C. Credit Union League, the Central Credit Union and the Credit Union and Co-operatives Health Services Society heard their movement lauded by Attorney-General Gordon S. Wismer at a concluding banquet at the Empress Hotel Saturday night.

Expressing the view the government should take a more active interest in credit unions through an improved inspection staff, Mr. Wismer praised the policy of non-discrimination on the grounds of race, creed or color.

Following a similar theme, Bishop J. W. Hill of Victoria added his endorsement to the credit unions' triple objective of thrift, credit and adult education, stating that the movement stood f : true democracy in economics.

NOTES RAPIID GROWTH

Citing the growth of credit unions on the continent, Cliff Skorstad, field representative of the Credit Unions National Association, recalled that in 1921 there were no credit unions in Canada outside Quebec, and no provincial league existed. British Columbia, he noted, now has 12,000 of the 5,000,000 membership in North America.

Other points brought out during speeches included announcements that a 26-week credit union radio program will be presented next year, that junior savings clubs are to be organized in all branches of the league an that next year's convention will be held in the third week in June in Vancouver.

A gold wrist watch was presented to E. K. DeBeck, retiring provincial inspector of credit unions.

Results of elections in the league follow: President, W. G. Ramsell, Vancouver; first vice-president, H. L. Macro, Powell River; second vice-president, F. Filgiano, Vancouver; directors (three-year term), G. Martensen, Dawson Creek; M. Macro, A. D. Baillie, Vancouver; Mrs. H. Brown, Hornby Island; F. Hyslop, Victoria; R. Shuker, Alert Bay.

Directors (one-year term), J. Wallace, Vancouver; F. Filgiano, J. McPheton, Vancouver; H. Harris, New Westminster. Recording-secretary, Miss Jean Archibald.

J. W. Burns, Vancouver, manager of the league, and Mr. Ramsell were named delegates to the Credit Union National Association. R. F. Williams, Victoria, will be representative to the B.C. Central Credit Union.

5 Brothers Missing As Fishboat Sinks

PORTHLEVEN, Eng. (AP)—Five brothers were missing and feared drowned today after their fishing boat and the 7,000-ton United States ship Chrysanthy Star had collided in the English Channel during a fog Friday night.

The brothers were members of the Richards family, which for generations has earned its living from the sea. The Chrysanthy Star radioed it had picked up a sixth brother and a seventh crewman. The message reported one of the two had died, but did not say which.

Fair Archaeologist Scorns Native Curse

WELLINGTON, N.Z. (CP)—When an archaeologist, Miss C. Jefferson, visited the lonely Chatham Islands, to the southeast of New Zealand, to study relics of the original inhabitants, the Morioris the natives there objected. They held that the remains were better not disturbed.

Miss Jefferson left for New Zealand undisturbed by a curse put by the natives on the Port Waikato, the vessel in which she was sailing. Hardly had the vessel put to sea than she ran into a furious storm. On top of that a wire hawser became firmly jammed round the vessel's propellor. The helpless ship drifted at the mercy of the gale and was in danger of being thrown onto the reef. Eventually a ship had to be sent from New Zealand to tow her to safety.

Several other people who have investigated Moriori remains in the Chathams have had native predictions of misfortune strikingly borne out. One lost his baggage and the results of his work. Another lost his life when his hut on the island was burned down.

Miss Jefferson is not impressed. She says the Morioris are a much more interesting people than is generally known and that their art is of a much higher order than has been previously thought. She intends to return to the Chathams for further research.

New Brunswick Citizens Choose New Legislature

FREDERICTON (CP) — Cool showers pelted down throughout New Brunswick today as the province voted to elect its 20th and largest Legislature.

Early voting was light in most districts and police reported things "generally quiet." The showers and seeming lack of "fire" on the hustings may affect the weight of today's vote.

The polls opened at 8 a.m., with the closing time at 6 p.m., A.S.T.

Only 47 of the 52 seats were at stake. Five Liberals were elected by acclamation in Gloucester County.

The new 52-seat house, brought about by a partial redistribution which added four seats, gave the province its largest legislature since Confederation.

Liberal forces under Premier John B. McNair were opposed by 40 Progressive Conservatives under Hugh Mackay, 20 C.C.F. under Joseph Arrowsmith, eight Independents and five Social Crediters.

At dissolution May 18 standing in the 48-seat House was: Liberals 36, Progressive Conservatives 11, Independent 1.

The Conservatives won 12 seats in the 1944 election, but later dropped one to an Independent in a by-election. The Independent—E. Claude Seeley—sought re-election today in Saint John County.

Campaigning for today's battle of the polls was mild.

Joseph C. Arrowsmith, himself a candidate in Saint John City, led his party on a platform advocating orderly marketing and stabilization of prices on agriculture and fisheries products.

The Conservatives' platform featured payment of old age pensions to persons 65 and over, increased grants to hospitals and schools and reconvening of the Dominion-Provincial conference.

The Liberal manifesto contained planks on full employment, extension of power and highway projects and co-operation with the Dominion government on inauguration of the proposed health program.

Ottawa Co-Operation, Communism Big Points In Quebec Campaign

QUEBEC (CP) — Communism and financial co-operation with the federal government were the main talking points Sunday night as the "big guns" of three parties boomed in the Quebec political campaign.

With the July 28 election exactly a month away, Premier Maurice Duplessis addressed a Union Nationale rally in the L'Islet county town of St. Jean Port Joli, Liberal leader Adelard Godbout spoke in Granby, and J. Ernest Gregoire, chief of the Union of Electors, opened his campaign in Drummondville.

Premier Duplessis said Quebec needed its taxation rights. The province, he said, was on the eve of unprecedented development, and this was no time to be under "administration by curatorship."

Ontario as well as Quebec had refused a tax agreement with the federal government, Mr. Duplessis said, and the two provinces represented a majority of the Canadian population.

COMMUNISM MAIN ISSUE

The premier named communism as one of the main issues in the campaign .

"You have more protection with the Union Nationale than with Mr. Godbout, who is supported by the Communists," he said.

In Granby, Mr. Godbout promised that if the Liberals were elected, they would undertake financial co-operation with the federal government.

"We will defend your rights, but we also will enter into an agreement which will permit you to benefit of our own money as is the case already with seven provinces, but of which you are deprived because Premier Duplessis does not like the Liberal Party," he said.

PATRONAGE CHARGED

Mr. Godbout charged the Union Nationale administration with granting road contracts in return for election funds. He said that by ill-treating the workers, the Duplessis government was encouraging communism.

Mr. Gregoire compared the Duplessis regime with the Stalin and Hitler dictatorships, and said monetary reform was the only answer to communism. He advocated paying dividends of $20 a month to each citizen.

Gregoire prophesied Duplessis and Godbout "will have to join forces to present even a suitable opposition to the Union of Electors."

Young Wife Tells Police Illinois Driver Attacked Her

WAUKEGAN, Ill. (AP)—Police here said a young southern bride told them a motorist abducted her in sight of her husband and later raped her.

Mrs. Marie Alexander, 18, Tupelo, Miss., said she was released Friday from the automobile of a drunken and armed driver who had got rid of her husband on a pretext.

With her husband, Earlis, 19, she had been hitchhiking back south from Zion, Ill., after failing to find employment. The couple was picked up by a dark-complexioned man about 26 years old.

The motorist—who had a revolver in his car—stopped at a roadhouse and sent Alexander in for soft drinks. As Alexander left the car, the motorist sped away with the screaming bride.

The man then drove to a side road and threatened her unless she submitted. He then released her on the highway, where she was picked up by a truck driver who took her to Chicago.

The couple said that a similar incident occurred about three weeks ago near Tupelo, Miss. The Alexanders were riding and drinking with three men who raped her. They held off her husband at gunpoint.

Suggests Judges Rule On Insanity

TORONTO (CP)—Dr. G. H. Stevenson, London, Ont., psychiatrist, said Friday that insanity as a defence for crime should be discontinued.

Three doctors and a professor of law expressed their opinions after Mr. Justice J. C. McCruer of the Ontario Supreme Court had outlined the fundamental principles of insanity as a legal defence to the Canadian Medical Association convention here.

In an interview following the discussion, Dr. Stevenson said the question of insanity should not be considered by the jury in the trial of a person charged with homicide.

Instead, the matter should be left to the decision of the judge, who before passing sentence would have the opportunity of consulting a psychiatrist's report on the mental condition of the accused.

"Juries have not the technical training necessary to appreciate the scientific aspects of sanity. They can be swayed too easily by their feelings or by the testimony of a psychiatrist," Dr. Stevenson said.

11 New York Youths Held For Trial

NEW YORK (AP) — Eleven teen-aged youths beat a man unconscious and then raped his woman companion early Sunday on Manhattan's East Side, police reported.

All the youths have jobs and none had been arrested before, police said. Ten were held in $1,000 bail each pending hearings Wednesday when arraigned in felony court on rape charges. The 11th, under 16, faced arraignment today.

The victims, seated on a park bench when the gang attacked them, were identified as a 36-year-old woman and a 49-year-old man. Police said the youths slugged the man unconscious, then seized the woman, ripped off her clothes and raped her.

Police seized five youths as they were about to flee the scene and captured six others hiding in a waterfront coal-shute.

Leave For Okanagan Trip Following Saturday Rites

A honeymoon in the Okanagan Valley, where the bride and her family formerly lived, and at Garibaldi Lodge, is planned by Mr. and Mrs. Denis Kirkpatrick-Crockett, who were married at an afternoon ceremony in St. John's Church Saturday.

The bride is the former Stella Noreen Gummow, daughter of Mrs. B. F. Gummow, Wildwood Avenue, and the late Mr. Gummow, formerly of Peachland.

The groom, who is a graduate of the University of British Columbia, is the son of Major and Mrs. M. Kirkpatrick-Crockett, Robertson Street.

For the 4 o'clock rites, the bride, given in marriage by her uncle, Percival B. Scurrah, chose a gown of blush satin. The long bodice was fastened down the back with tiny buttons, and featured a yoke of Valencon lace in the front to the waistline. The full skirt was fashioned with inverted folds and showed an insert of lace at the hemline.

In her hair she wore a coronet of swansonia to hold her fingertip veil of silk net. Her fan-shaped bouquet was of red roses and swansonia.

Mrs. J. B. Gummow of Peachland was matron of honor for her sister-in-law, and wore a gown of orchid marquisette over taffeta, with short shoulder cape gathered at the bodice. As bridesmaid, Miss Rosemary Wilson of Oliver, wore aqua marquisette in the same style as that of the matron of honor. Both carried floral muffs in pastel shades.

Little Miss Sandra Halkett was flower girl, in a dress of Nassau blue dotted Swiss organdie over taffeta. On her full skirt was a wide ruffle edged with lace, and she carried a miniature fan bouquet in contrasting shades.

W. Rourke was best man for the groom, and guests were ushered to their seats by the groom's brother, David Kirkpatrick Crockett, and W. Riddell.

The nuptial service was read by Rev. George Biddle, in a floral setting of red and white roses. Traditional wedding music was played by Frederick Chubb, church organist.

A reception was held at the King George Terrace home of the bride's uncle and aunt, Mr. and Mrs. P. B. Scurrah, who stood in the receiving line with Mrs. Gummow and Major and Mrs. Kirkpatrick-Crockett.

Italian lace covered the bridal table, which was centred by a three-tier wedding cake encircled by pink rosebuds. Floral decorations of roses and peonies were arranged by Mrs. S. Willis. W. B. Buchanan of Vancouver proposed the toast to the bride.

A winter white ballerina suit was worn by the bride as she left for her wedding trip. Her accessories were cocoa brown to match her three-quarter-length coat.

Mr. and Mrs. Kirkpatrick-Crockett will make their home in Vancouver.

St. John Ambulance

The St. John Ambulance Brigade No. 65 will not meet on Thursday, it being a holiday. Their final meeting will be on July 8 at 8, until September.

All nursing divisions will be on holiday until September.

Personal Notes

On the occasion of their wedding anniversary, Mr. and Mrs. J. S. Stewart were hosts to eight guests at the Empress Hotel dinner dance Saturday evening.

Among guests at a no-hostess bridge party at the Olde England Guest House were Mrs. A. R. Taylor, Mrs. C. T. Alexander, Mrs. E. Winter, Mrs H. Rounding, Mrs. S. Crocker, Mrs. F. Benson, Mrs. R. Armstrong and Mrs. B. McMicking.

Miss Carol Blake, who has been visiting her grandparents, Mr. and Mrs. F. Smedley, Island Highway, at Langford, left on Saturday to return to her home in Hoonah, Alaska. Mrs. Smedley accompanied her niece to Vancouver, where she spent the week-end.

Mrs. L. H. Eyres, Park Boulevard, with her two daughters, Jean and Joy, will leave Tuesday for the Mainland, to spend the summer months at their home on Cultus Lake. Miss Joy Eyres will be married to Mr. Frederick Merton Cunningham from there on July 26.

Among the large number of guests at the Thorburn-Bayliss wedding Saturday evening were several from Vancouver and up-island, including Mrs. D. Mauro and Sharon, Mr. and Mrs. Robert Taylor and Mr. J. Birney of Vancouver; Mr. and Mrs. A. V. Webb, and Mr. and Mrs. C. Terchman of Alberni; Mr. and Mrs. Bill Devlin of James Island. From Bremerton, Wash., came Mr. and Mrs. C. C. Eytel.

In celebration of her 21st birthday, Miss Betty Aitken, daughter of Mrs. R. G. Aitken, Wellington Avenue, entertained friends at the supper dance Saturday evening at the Empress Hotel. Her guests were Mr. and Mrs. A. Erickson, Misses Doreen Cartwright, Sadie Burns, Evelyn Mallett and Messrs. George Geddie, Jim Barry, Ken Middleton and Ken Hill.

Prior to her marriage at the week-end, Mrs. Louis Joseph McBeth, the former Miss Kay Rendle, was honored at a tea at the Empress Hotel, when she received a gift and corsage bouquet of gardenias from the guests. They included Mesdames W. J. Pearce, D. McBeth, George Combrey, J. A. Kirk, G. E. Davies, L. R. Williamson, C. C. Warren, E. G. Morley, J. J. Tippett, Lorne Ross, James Doherty, C. F. Boughey, W. A. Johnson, L. S. Lamb, F. G. Hooper and G. C. Petticrew.

Members of the local branch of the Canadian Authors' Association held their annual picnic Saturday in the grounds of Mr. and Mrs. W. H. Yardley, at their Garden Head home. Addressing the 40 guests, Mrs. E. M. Bruce dealt with "Art Jottings From Europe," and told of her impressions of life and art in England and Holland. Mrs. Nellie McClung, Mrs. McCarroll, Miss Eugenie Perry, Mr. A. H. Sutherland and Mr. James Morton also contributed to the informal program. Mrs. H. W. Maunsell, president of the branch, directed the affair.

During her visit in Vancouver, Mrs. A. R. Hazell is a guest at Sylvia Hotel.

Mr. and Mrs. Angus Robertson of Shenton, Wyoming, are staying at the Clive Apartment Hotel.

At the summer cottage of Mr. and Mrs. George Robinson, Shawnigan Lake, Saturday evening, members of Xi Beta Chapter, Beta Sigma Phi, held their last function of the season, a picnic supper. Among guests at the spacious lakeshore cottage were: Mr. and Mrs. Henry Bird and Louise, Mr. and Mrs. Bill Levis and Maxine, Mr. and Mrs. Fred Breen, Mrs. C. J. Phillipson, with John and Jim, the Misses Muriel Knight, Frances Law, Vera Waller and Rita Rodger.

Decorations in green and yellow, and multi-colored balloons provided a gay setting when Mr. and Mrs. Dave Cooper entertained for their daughter, Davina, on the occasion of her third birthday. Guests included Mrs. George F. Cooper, grandmother, and Mrs. W. Martin, great-grandmother of Davina; Mrs. B. Wright and Vickey; Mrs. R. Justice and Pat; Mrs. G. Bone and Betty; Mrs. H. Slater and Cheryl; Mrs. J. Doherty and Cheryl; Mrs. J. Sharpe with Sharon and Donna; Mrs. G. Caddock and Linda; Mrs. M. Ilott and Glenna; also little Peggy Kour, Betty Armstrong, Judy Wright and Lynn Cooper.

On Sunday morning, the infant son of Mr. and Mrs. Alexander Rae, Lake End Road, Langford Lake, was christened by Father Kennedy of St. Richard's Roman Catholic Church, Langford. The baby received the names, Terrence Alexander Robert. Mr. and Mrs. N. Bedard stood proxy for the godparents. Mrs. Rose Ann McNalley, maternal grandmother, Scotland; Mr. and Mrs. Gordon E. Graham, Newcastle, Eng. Following the ceremony, Mr. and Mrs. Rae entertained at their lake-end home, during the afternoon and evening. Swimming and boating were enjoyed. Mrs. A. F. Bayles assisted the hostess in serving refreshments and Mrs. H. A. Hincks, presided at the tea urns.

Mr. and Mrs. Howard Lillie, who celebrated their 25th wedding anniversary, were honor guests when Mr. and Mrs. H. R. Savage entertained at their Cordova Bay summer home. Red carnations and snapdragons throughout the room formed an effective setting for the lace-covered table, centred with red carnations. Silver candelabra held tall white tapers. Mrs. C. R. Savage, Mrs. A. C. Savage and Mrs. H. E. Savage assisted the hostess. Guests were Mr. and Mrs. D. J. McLean, Mr. and Mrs. R. W. Savage, Mr. and Mrs. E. A. Savage, Mr. and Mrs R. E. Burns, Mr. and Mrs. N. Addems, Mr. and Mrs. A. B. McIlvride, Mr. and Mrs. J. S. E. Meiss, Mr. and Mrs. G. Primrose, Mr. and Mrs G. Lillie, Messrs. J. Mr. And Mrs. Felawka Will Make Home At Lake Cowichan

A home at Lake Cowichan, V.I., awaits Michael Henry Felawka and his bride, the former Dawn Emmaline Umphrey, when they return from their honeymoon in San Francisco and the southern United States.

They exchanged marriage vows before Rev. W. R. Ashford in Centennial United Church Saturday evening.

The bride, who was given in marriage by her father, James C. Umphrey, wore a gown of nylon with appliqued satin bodice, edged with a peplum effect of nylon. Her headdress was a scalloped seed pearl tiara and from it hung her long flowering veil appliqued with satin.

Her all-white shower bouquet was of delphiniums, gardenias and carnations, and she wore a single strand of pearls given her by the groom.

Her matron of honor was Mrs. Kay Fraser, who was gowned in pink sheer with lace jacket and long lace mitts to match. She carried a bouquet of blue delphiniums and sweet peas and wore a tiara in her hair.

As bridesmaid, Miss Nellie Burnett wore a gown of blue satin and nylon similarily to that of the bride. Her lace mitts matched her dress and flowers in her hair matched the pink carnations and sweet peas in her bouquet.

Walter Felawka was best man for his brother, while the bride's brother and groom's cousin, James A. Umphrey and George Kmet, ushered.

Parents of the groom, Mr. and Mrs. William Kowal of Rounthwaite, Manitoba, were unable to attend. In their absence the groom's aunt, Mrs. Lillian Kmet, welcomed guests with Mr. and Mrs. Umphrey at a reception at 804 Kings Road. The newlyweds stood under a flowered arch to receive their guests.

A three-tier wedding cake surrounded by ivy centred the bride's table, and a toast to the bride was proposed by James Hadley.

For her traveling costume the bride wore a pink suit with black and white accessories and a gardenia en corsage.

Introduced by Rev. D. L. Gordon, Hon. W. T. Straith, Minister of Education, declared the annual garden party of the Church of Our Lord, officially opened, at 3 o'clock, Saturday afternoon, in the spacious grounds at the home of Mr. and Mrs. C. E. Laundy, Beach Drive.

Afternoon tea was served at individual tables on the lawn, with members of the Ladies' Aid of the church acting as serviteurs. Miniature golf was convened by Mrs. S. J. D. Clack; other games were arranged by Ralph Shandley, Patrick Laundy, Jim Giles and H. Carruthers.

A candy stall was convened by Mrs. E. Creech. Selections by the Greater Victoria Youth Band were presented under the direction of Mr. A. Bowers.

In charge of the affair was Rev. T. H. Laundy, assisted by Mr. and Mrs. E. Creech, Mr. and Mrs. Stanley Martin, Mr. and Mrs. Frank Shandley and Mr. and Mrs. R. Dunn.

Rehouses 27,000 Families Monthly

LONDON (CP) — Britain is building new homes at the rate of more than 240,000 a year.

This was recently announced by the Health Minister Aneurin Bevan. He said that Britain will reach the first target of 250,000 houses in October. Twenty-seven thousand families are being rehoused each month.

Esquimalt Chanter Plans Garden Party

Members of Esquimalt Chapter, I.O.D.E., will entertain at a garden party, next Wednesday, at the home of Mr. and Mrs. Hadfield, 354 Lampson Street.

Mrs. J. ... Ford, regent, Victoria Municipal Chapter, will open the affair at 2 o'clock. Mrs. Warren Smith is general convener and Mrs. A. A. Warder will take charge of gate receipts.

Tea arrangements are being convened by Mrs. J. Halstead and Mrs. W. E. Akenhead, Mrs. J. Bryant, assisted by Mrs. J. Corry, is arranging a stall of home cooking and Mrs. A. G. Fulmer and Mrs. H. Baker are in charge of knitted goods and needlework.

H.M.C.S. Naden (Junior) Chapter will sell home-made candy. There will be a gate prize and bingo will be played.

Pupils of Miss Velda Wille will entertain with dance numbers. There will also be fortune-tellers.

Committee Plans — The committee to the newly formed Luxton Cub Pack is planning a garden party at the home of Mrs. J. Morris, Glen Lake, in August, to help augment cub funds. A beach party has also been arranged for the Cubs in July.

Canadian Woman Sits In Bermuda Assembly

HAMILTON, Bermuda (CP)—Women had the vote for the first time in the recent general election in Bermuda, the oldest self-governing colony in the British Commonwealth. One of the two women candidates elected to the House of Assembly is a Canadian widow, Mrs. Edna L. Watson of Montreal.

Mrs. W. tson was a physiotherapist in the Canadian forces during the First World War. In the Second World War she joined the Royal Canadian Army Medical Corps and served for nearly five years in Britain with the 8th Army in Italy. She returned to farming in Bermuda two years ago.

Mrs. Watson has twice escaped death at sea. She survived the crash of the flying boat Cavalier in January, 1939, and later the troopship on which she was going to Italy was sunk in the Mediterranean. She was picked up by another ship with most of the nurses. She refers to this episode merely as "my second ducking."

Although Mrs. Watson began her campaign for election only a week before polling day she was one of the few candidates to outline a comprehensive program. Much of her interest in public life is centred on education and farming.

82, Charwoman Gets Divorce

BIRMINGHAM, England (CP)—One morning recently Mrs. Mabel Hardy, 82, put on her best coat and hat and went to court—for a divorce.

The judge listened sympathetically to the story of her marriage to Henry Musgrave Hardy, 77, and her claim for a divorce on grounds of desertion 12 years ago. It was her second marriage, her first husband having died.

When the judge nodded his assent, Mrs. Hardy curtsied, said "Thank you, your honor, good day," and tiptoed out, apparently little perturbed by the fact she was the oldest person ever to seek a divorce in the court.

Back with her mops and pail at the office where she is a charwoman, Mrs. Hardy said she "just wanted to be single again."

Clubwomen's News

Canadian Daughters — Last meeting until the fall of Canadian Daughters League, Assembly No. 5, was held with vice-president, Mrs. R. Millburn presiding, and giving a report on the last Local Council of Women meeting. Mrs. N. Craig and Mrs. J. Tanner were presented with farewell gifts and best wishes of the assembly on the eve of their departure to make their homes in Vancouver and Halifax. A social evening, convened by Mrs. E. P. Maundrell and Miss M. Munro was enjoyed. Prizes were won by Mrs. C. Jasper and Mrs. W. Ledingham, after which refreshments were served.

Delegates Speak—Mrs. Ernest McGinnis and Mrs. B. Varcoe, delegates to the B.C. Conference branch meeting, gave their reports at the June meeting of the Women's Missionary Society held in the schoolroom. Mrs. H. McColl presided and Mrs. C. E. Wharton took the devotionals. Following the meeting a social hour was enjoyed.

Garden Fete—The grounds of Admiral's House will be en fete August 5 when members of the W.A. to Canadian Legion Zone Council, Lower Vancouver Island, will hold their garden party from 2 until 4.30 in the afternoon. Among many attractions which are being arranged at meetings of the group are stalls of home cooking and fancy work. A band will be in attendance, and there will be games of clock golf and bingo. Ice cream and soft drinks will be served as well as afternoon tea.

Guild Display — The Evening Guild, Knox Presbyterian Church, Sooke, will hold a display of flowers, vegetables and small fruits on Tuesday in Sooke Community Hall dining-room. Rev. E. Thompson will open the exhibition which will be held from 2.30 to 5.30 and from 7.30 until 9.30. Prizes are offered for various sections and judging will be done by J. C. Crossley, assistant superintendent, Saanich Experimental Farm. Displays must be in place by noon, the day of the show. Other attractions are home cooking stall, guessing contest, fish pond and afternoon tea. Guild members in charge are Mrs. Hugh Waddams, president, with Mesdames J. Brown-Colthurst, S. Giles, J. Duncan and R. Piercy.

Catholic Women's League Convention Meets In Victoria

Annual Convention, Diocesan Council, Catholic Women's League of Canada, was held in Victoria last week at St. Joseph's Hospital chapel, where Mass was offered by the diocesan chaplain, Rev. Father A. J. McLellan, and in the auditorium of St. Ann's Convent.

Oak Bay subdivision arranged the program of social events.

Luncheon was served at St. Ann's Convent by Mrs. F. I. Doherty, president of Oak Bay, assisted by Mesdames T. Taylor, Chisholm, A. Goward, F. Rogers, Dunn, Fisher and Chambers.

A banquet at the Douglas Hotel was attended by 120 guests.

St. Saviour's Fete Planned For July 7

The annual parish garden party of St. Saviour's Church will be held on July 7, at the residence of Alderman and Mrs. C. F. Banfield, 642 Craigflower Road.

Mrs. Walter C. Nichol will open the affair at 3 o'clock.

The following organizations of the church, with conveners, are in charge of various stalls: Mrs. B. Jacklin, afternoon branch, home cooking; Miss K. Goodall, Altar Guild, candy, ice cream and soft drinks; A.Y.P.A., fruit and vegetables, lapel bouquts and white elephant; junior girls, wishing well.

Afternoon tea will be served by members of the evening branch, convened by Mrs. C. H. Shandley.

In the evening, commencing at 7, T. Wilson and members of the men's club will be in charge of a large midway. There will be entertainment and light refreshments, served by Mrs. M. Hallam and a committee.

Movie Star Goes To School, Solves Her Wardrobe Problem

NEW YORK (AP) — Even a movie star sometimes needs a few pointers on how to dress to look her best.

Pretty Jeanne Cagney, currently appearing in "The Time of Your Life," enrolled in designer Edith Head's night classes at the University of California, Los Angeles, recently to find out what was wrong with the way she dressed. She says:

"I found I was doing practically everything wrong. I always liked girly-girly things, and was likely to put on too many frills. Now I've found that I look best in simple, tailored things, and I'm going to stick to my type if it kills me."

Jeanne, who has been a top student ever since her school days, when she was graduated summa cum laude from New York's Hunter College, took to the U.C.L.A. night classes as a small boy to a baseball bat.

Says Jeanne:

"It was simply wonderful. I never understood before how careful a woman must be in selecting the right clothes for her type. I used to be inclined to go shopping helter skelter, buy a dress here and a hat there and never stop to think how well they would go together.

"But Edith taught me the importance of planning an outfit as a whole, concentrating on excellent fabric and line for the basic dress or suit, and then adding a touch of drama with accessories."

The first class problem which confronted Jeanne after enrolling was to plan accessories for the same basic dress to fit the personalities of four actresses.

Another problem was to plan an outfit for a working girl who must go to her office, meet three women for tea at the Stork Club and wind up at dinner with her best beau at El Morocco. She could only carry an oversized handbag for accessories.

Jeanne solved the problem by providing the girl with a plain navy blue suit and hat, with a starched white dickey for the office. For tea she changed the dickey for a striped taffeta ascot and matching gloves. For dinner at El Morocco she removed her jacket, wore a cashmere evening sweater and added a string of pearls. Jeanne says:

"Nowadays, whenever I get ready to buy some new clothes. I plan my wardrobe as if it were a class problem. I concentrate on simple lines, and I have learned to co-ordinate my accessories. I've learned never to wear extreme fashions, too, but to adapt and modify them until they are becoming."

Fire In Truck On Island Highway

PARKSVILLE—Fire believed to have been caused by the breaking of the drive shaft which punctured the gasoline tank, broke out in a soft drink truck of the Nanaimo Bottle Works, while Ray Henley of Nanaimo, driver, was proceeding along the Island Highway towards Parksville.

Mr. Henley escaped injury in the accident which occurred on Beaver Creek Hill, near Craig's Crossing, three miles south of Parksville.

Having difficulty in stopping the truck which was loaded at the time, Mr. Henley finally jumped out and threw some of the soft drink cases under the wheels. His action saved the vehicle from going over a 60-foot bank. Prompt action on the part of Parksville volunteer fire brigade assisted by Northwest Bay Logging Company fire crew, saved the cab and engine of the truck and some of the load.

Child Rescued

GABRIOLA ISLAND—Hearing cries of three-year-old Andrew Darling, who was playing near his home on Gabriola Island, off Nanaimo, when he fell into 10 feet of water, J. A. Brown plunged into the water fully clothed to make a rescue. Mr. Brown was delivering a load of lumber to a nearby home at the time.

Citizenship Day Draws Crowd To Park

A section of the large crowd which attended the "I Am a Canadian" ceremony Sunday afternoon in Beacon Hill Park. The service was held to impress upon persons coming-of-age this year the responsibilities of citizenship.

"We must all realize it is a privilege to be a Canadian, and with that realization must come responsibility," Rev. William Hills told a large gathering at the second annual "I am a Canadian" Day ceremonies in Beacon Hill Park Sunday.

Mr. Hills urged all Canadians to take an active interest in questions of policy of the country and in political matters.

Civic greetings were tendered at the opening of the ceremony by Alderman Waldo Skillings. Ald. Skillings told the crowd that the idea of "I Am a Canadian" Day, which originated in Victoria a year ago was spreading across the country. At a recent meeting of the 14 B.C. assemblies of the Canadian Daughters' League in Vancouver it was decided that such a day was to be an annual affair in all cities represented.

The scheme was to be carried to the national convention of the league in Jasper, and it is likely that it will be adopted there also.

Singing at the gathering was led by Douglas Parks.

Plans New Garage At Port Alberni

PORT ALBERNI — Tentative plans for a new building with a frontage of 125 feet on Argyle Street and a depth of 66 feet, to replace the Wauthier Motors garage destroyed by fire Thursday, were announced by Frank E. Roses Highlight Nanaimo Show

NANAIMO — A rose display of riotous color was the highlight of the Nanaimo and District Agricultural and Horticultural Society's second annual show held in the civic arena here, and presided over by Flower Queen Denys Brooks.

Lily and pansy exhibits were highly praised by visitors to the show. Ald. George Addison, acting for the mayor, referred to the fine calibre of the show.

First prize winners in the decorated section were: J. Mowatt, H. Jubb, Mrs. H. W. Nicholls, Mrs. H. Ormond, G. Saunders, H. Turton and Mrs. E. Douglas.

Improvement Plans For Patricia Bay

SIDNEY—Development of Patricia Bay Airport to its maximum efficiency to encourage small plane operators and private air travel is the intention of the new administration, according to K. J. Robinson, recently appointed airport manager by the Department of Transport.

Included in an extensive program of maintenance work now underway is a good deal of patching on the runways and painting of traffic lines. Improvement of air signals is planned and buildings and motor transport equipment will receive attention.

Mr. Robinson commended the Victoria Flying Club for its work. He said that during June approximately 1,500 landings were made at the airport, of which 150 were from foreign ports, the majority being from Seattle and Portland with a few from the eastern United States.

Memorial Plaque Unveiled At Thetis

A memorial plaque to Major R. Heneage, late of Thetis Island, was unveiled by Dean Spencer H. Elliott, to open officially for the second season, Camp Columbia, Diocesan Anglican camp.

A group of 40 clergy and laymen, attending a joint conference and a large gathering of Thetis Island residents witnessed the ceremony.

The joint conference, first of its kind to be held in the diocese, included clergy sessions under direction of Dean Eliott, Rev. G. D. Kendell, Rev. R. Melville and Rev. J. Godkin, and laymen's sessions directed by Sir Vincent Jones, Capt. C. F. Gibson and John Stainer. Canon Coleman was one of the principal speakers at the joint sessions.

Your GOODYEAR Dealer offers you
GREATEST TIRE VALUES in Canada!
NOT JUST MORE MILEAGE ...BUT 34% MORE MILEAGE
THE NEW IMPROVED GOODYEAR DeLuxe
You, the motorist, want fact—not fiction. It's a fact that Canadian motorists over many years have shown an overwhelming preference for Goodyear DeLuxe tires. Now this favourite is built even better! Yes—it's a fact that millions of miles of road tests have proved that the NEW, IMPROVED Goodyear DeLuxe gives 34% more mileage than its famous predecessor.
That's because its wider, flatter tread is stronger and safer; because its Super-twist cord is sturdier; because its huskier shoulders boost tire life.
Available in All-Weather or Rib Tread.
NOT JUST A NEW TIRE... BUT A NEW KIND OF TIRE
THE NEW GOODYEAR Super Cushion
Super-Cushion by Goodyear is the first new kind of tire in 15 years. Leading auto manufacturers have adopted this amazing tire for their new models.
REMEMBER! Super-Cushion is far more than just a new tire—it's a new KIND of tire that runs on only 24 pounds of air! It gives you an unbelievably smoother, softer ride . . . increases comfort and safety . . . actually adds to the life of your car by soaking up shock and vibration.
GOODYEAR BATTERIES
You get power at its peak and top-efficiency performance from a Goodyear "Factory-Fresh" Battery. Remember to have your battery checked periodically by your Goodyear Dealer.
FOR A HAPPIER Holiday...
Remember, 90% of tire troubles occur in the last 10% of tire life. Play safe! Before a weekend trip or your annual vacation, let your Goodyear dealer check your tires.
Available in All-Weather or Rib Tread.
NOT JUST BETTER BLOWOUT PROTECTION ...BUT ABSOLUTE BLOWOUT PROTECTION
GOODYEAR LIFEGUARD SAFETY TUBES
Here's why Lifeguards give absolute—not just partial—blowout protection: A LifeGuard is a different kind of inner tube with a reserve air chamber that turns a blowout into a slow leak. LifeGuards fit any make of tire . . . often outlast several sets of tires.

Education Aims Stressed For Citizenship Ceremony

"Canadian education aims to produce the citizen competent to meet by democratic processes the problems of the world today," W. T. Straith, Minister of Education, said in endorsing "I Am a Canadian" ceremonies in Beacon Hill Park Sunday.

Designed to give recognition to young men and women coming of age during the year, the ceremony was held under the auspices of the citizenship committee of the Local Council of Women, and was sponsored by the Men's Canadian Club, Women's Canadian Club, Canadian Daughters' League and the Sons of Canada.

Stressing the value of education in cultivating an appreciation of Canada's heritage, Mr. Straith compared the objects of Canadian education with other earlier nations. He noted the education for war given by the Spartans, for citizenship given by the Athenians and the Nazi scheme to raise "fanatic, would-be world conquerors."

WORK FOR IMPROVEMENT

Mr. Straith also stated that we can no longer assume that desirable human relationships are developed accidentally and incidentally. "If we want to improve them we must work to do so. The cultivation of good citizenship permeates every phase of our elementary and secondary education," he declared, "and if children learn in school to understand and to appreciate democracy, and if they form the habit of living in a democratic way, there is little danger that they will ever wish to change democracy for any other way of life."

Fire strikes often . . . accidents occur regularly and homes are robbed frequently. It is "like sitting on a bomb" if you are UNINSURED . . . you never know what will happen . . . until it does!

TAKING THE COUNT—Percy Wright was one of 50 men and women who stood on downtown street corners Saturday concentrating on the people who passed. They were counting you, Mr. and Mrs. Pedestrian, on little clicking machines they held in their hands. Why? The numbers of people who passed given locations will be compared with the number who passed the same spots last year. From the comparisons, the city assessor gets an indication of the busiest sections, on which he partly bases assessment for taxes of downtown property.

Malvern House Closing Exercises

A successful year, marked by generous support and co-operation from parents and keen competition and outstanding achievements in sports events, was noted by Capt. D. J. Proudfoot and T. P. Emmerson, principals, at closing exercises of Malvern House School.

Hope for a playing field for the school in the coming school year was expressed by speakers.

Ald. F. N. Cabeldu, who distributed the prizes, spoke on sportsmanship and the development of physique and character through sports. He referred to the keen competition and fine results, congratulating each winner.

The reward teachers of the school felt in following the successful careers of Old Boys was emphasized by Capt. Proudfoot and Mr. Emmerson.

Mathematics — J. Moffat (major).

Macaulay Plains To Be Practice Site For Ack-Ack Units

For 11 days starting July 6, heavy anti-aircraft gunnery practice will take place over Macaulay Point Plains. The firing at tow-targets will be clearly visible to Victorians. Light A-A units will be firing after this. Units participating are from local, up-island, mainland B.C. and prairie points.

Firing will take place during a period of a maximum of two and one-half hours on each occasion, sometimes twice a day. Firing will be seawards in a area between Brotchie Ledge on the left and Great Race Rock on the right, with a danger area of 24,000 yards, the army reports as a warning to people in boats to keep clear during practices from July 6 to 17.

The heavy A-A firing times: 6th 2.30 to 4.30; 7th, 9 to 11 and 2.30 to 4.30; 8th, 9 to 11.30 and 2.30 to 4.30; 9th, 9 to 11.30 and 2.30 to 4.30; 10th, 8 to 10; 13th, 2.30 to 4.30; 14, 9 to 11.30 and 2.30 to 4.30; 15th, 9 to 11.30 and 2.30 to 4.30; 16th, 9 to 11.30 and 2.30 to 4.30; and the 17th, 8 to 10.

Units in the heavy ack-ack firing will be: Flin Flon 52nd H.A.A. Regt., with sub-units from The Pas-Dauphin, Winnipegosis and Sherridan Regt.; Yorkton 53rd H.A.A. Regt., with sub-units from Melville and Edmonton 20th H.A.A. Regt. They will arrive July 4 and leave July 10.

Other heavy A-A units which will swing into action July 11 for five days are 5th (B.C.) H.A.A. Regt., Vancouver 43rd H.A.A. Regt., Prince Rupert 120th Battery and Kootenay 24th H.A.A. Regt.

Light units operating, starting July 18, are: Prince Albert 17th L.A.A. Regt., with sub-units from Saskatoon and Rosetown; Portage La Prairie 67th L.A.A. Regt., with sub-units from Carman, Morden, and Manitou, Man.; Calgary 68th L.A.A. Regt., with sub-units from Gleichen, Bassano and Strathmore, Alta.; Nanaimo 66th L.A.A. Regt., with sub-units from Duncan and Port Alberni; Vancouver 65th L.A.A. Regt. (Irish Fusiliers).

Maj. C. H. Jervis-Read, O.C. Esquimalt garrison, is in command of the summer camps, in which active force officers and N.C.O.s and the training staff of the anti-aircraft school will be instructors.

Maj.-Gen. M. H. S. Penhale, G.O.C. Western Command, and Col. T. E. D'O. Snow, B.C. area commander, will make inspection visits to the camps.

Mawhinney Posts 36-Hole Score Of 139

Vancouver Junior Paces B.C. Cup Golf Tests; Vic Painter Tops Locals

Bill Mawhinney of Vancouver, British Columbia junior champion, took a seven-stroke lead on the field in the first 36 holes of the 72-hole test for places on the provincial Willingdon Cup golf team which took place at Colwood and Uplands Golf Clubs yesterday.

Mawhinney toured Colwood in a two-under-par 68 in the morning and then came back for a 71 at Uplands in the afternoon for a 36-hole score of 139. Doug Bajus and Jim Robertson of Vancouver were second with 36-hole scores of 146, followed by Walt McElroy and Hugh Morrison, both of Vancouver, with 147's.

Vic Painter of Colwood led the local divoters with rounds of 75 and 73 for a total of 148, 10 strokes off the pacesetter, but still much in the running for one of the three places open on the team.

Percy Clogg, B.C. amateur champion, and Mawhinney have already qualified for two of the five positions.

Following Painter in the scoring were Doug Morrison of Vancouver 149, Jack Ellis of Vancouver 150, Ken Lea of Victoria 151, R. D. Plummer, Vancouver, 152, George Bigelow and Gordon Verley of Victoria 153, L. Hurschman and J. Reynolds 154, Walt McAlpine 158, G. Thomas 161 and J. Berry 163, all of Vancouver.

The second 36-hole test will take place at Vancouver July 1, with 18 holes at Point Grey in the morning and 18 at Marine Drive in the afternoon.

Complete scores follow:

Mawhinney, 68-71—139; Bajus, 75-71—146; Robertson, 72-74—146; McElroy, 74-73—147; H. Morrison, 74-73—147; Painter, 75-73—148; D. Morrison, 81-68—149; J. Ellis, 79-71—150; K. Lea, 76-75—151; Plummer, 76-76—152; Bigelow, 80-73—153; Verley, 80-73—153; Hurschman, 78-76—154; Reynolds, 73-81—154; McAlpine, 81-77—158; Thomas, 81-80—161, and Berry, 82-81—163.

Sheriff, Mrs. Herron Win P.N.G.A. Titles

Glen Sheriff of Seattle and Mrs. G. C. Herron of Portland are the 1948 champions of the Pacific Northwest's 47th annual tournament which concluded at Victoria Golf Club Saturday.

Sheriff, who first gave his age as 21 but later admitted to be 19, was the surprise of the tournament. In Saturday's 36-hole final he pulled the biggest surprise of all his upsets by knocking off three-time P.N.G.A. champion and veteran of Walker Cup play, Jack Westland, although forced to go to the 37th hole to do so.

The Seattle youngster went out in the morning round to take a three-hole lead as Westland was having trouble with his putter. In the afternoon Sheriff moved into a four-hole margin at the 28th but Westland came fighting back at the clubhouse holes as Sheriff faltered momentarily and the Everett shotmaker finally squared the match on the short 16th when Sheriff took a bogey five.

In trouble on the long par five 35th, Sheriff came through with a beautiful second shot to finally get down in a birdie four. Westland sank a 12-foot putt for a half.

The 36th was halved in fours, Westland missing another long putt for a birdie and Sheriff conceding the half when Westland rolled two feet past the pin.

GETS BREAK

Then on the 37th Sheriff got the break that gave him the match. Westland's second shot caught a bunker and his third went over the green into another trap. Sheriff was on in three and down in a regulation five as Westland slipped to a bogey six.

It was quite a feat for the Seattle lad who just made the qualifying round and during the course of the tourney knocked off Al Mengert, U.S. junior champion, Jack Ellis of Vancouver and Harold Gjolme of Seattle before advancing to the final.

And it also marked the first major tournament victory for Sheriff who holds the course record at Olympic Golf Club in Seattle with a 64.

Probably the best part of Sheriff's game was his approach shots as he used a "dynamiter" to deadly advantage. Off the tee, Sheriff was outdriving Westland from 20 to 30 yards, but two of the most amazing strokes came on the first 10 holes of the morning round.

On the eighth with Westland only four feet from the pin, Sheriff laid his tee shot about eight inches from the cup for a birdie deuce. The ball was almost good for an ace but just slipped by the cup. Then on the 10th when apparently stymied Sheriff boldly stroke the ball past Westland's ball, which was sitting on the lip of the cup, to win the hole.

WOMEN'S FINAL

Mrs. Herron won her sixth P.N.W. title from Miss Edean Anderson after a match that saw the lead change hands on several occasions. Three down at one stage in the morning round Mrs. Herron rallied to go one up at the end of the first 18.

After the lunch interval Miss Anderson again went out in front on the first few holes winning the 19th to square the match and the 20th to go one up. She went two up at the 22nd when Mrs. Herron picked up.

The match was all square again on the 24th with Mrs. Herron winning both holes. A birdie two on the 25th again gave Miss Anderson the lead. Mrs. Herron retaliated with a deuce on the 26th to square the match and went one up at the 27th with a par three.

After halving the 28th, Miss Anderson tied the match again with a long putt on the 29th but lost the advantage on the 30th with Mrs. Herron winning the hole.

Mrs. Herron went two up on the 32nd with a par three and closed out the match with a par four on the 34th to win 3 and 2.

WINS SHARLAND CUP

Dr. E. Whitmore won the Sharland Cup at the Gorge Vale Golf Club, Sunday, finishing with a 36-hole net score of 141. K. Hincks was runner-up with 147, followed by J. Briggs with 148.

Rainiers Split With Los Angeles; Seals Break Even

There's no rest for the San Francisco Seals.

The hotly-pursued season-long leaders of the Coast League have today off. No games are scheduled. But tomorrow they encounter the tenacious Los Angeles Angels at the start of a nine-game series, including doubleheaders July 4 and 5.

The Seals lost part of their shirts last week to Oakland, which took their series five games to two. Yesterday Oakland and San Francisco split a doubleheader, the Seals winning the first game 5 to 0 and the Oaks the nightcap 3 to 2. Hugh Luby homered for San Francisco in the fifth of the opener.

Los Angeles and Seattle split their twin bill, Seattle winning the first game 1 to 0 and the Angels the second 4 to 3. Los Angeles took the series four games to three.

THIRD VICTORY

Guy Fitcher pitched a four-hit shutout in the opener, his third win over the Angels. Doyle Lade allowed the Rainiers only four hits, too, and stopped Hillis Layne's 19-game hitting streak. Earl Rapp's single, Tony York's double and Johnny O'Neil's outfield fly produced the Seattle run.

Albie Glossop pinch hit a homer with a man aboard in the seventh to win the nightcap for Los Angeles.

Hollywood took both Sunday games from San Diego 12 to 3 and 5 to 4, and the series four games to three.

Portland and Sacramento split their doubleheader, the Beavers taking the first game 10 to 9 and the Solons the second 5 to 1. This gave Portland the series four to three.

A's Face Bremerton With Streak Alive

After a clean sweep of seven games at home last week, Victoria Athletics entrenched in third position in the Western International League baseball chase, will place their seven-game streak on the block against Bremerton tonight at the Washington town. After three engagements against the second place Bluejackets the A's return home for a five-game duel with the front-running Tacoma Tigers They play two games July 1, a single game the following night and wind up with two more Saturday.

Athletics closed out their series with Salem Saturday like true champions. After romping to a 15 to 2 decision in the afternoon tilt to give Del Owens his sixth pitching win the Victoria gang edged out a 5 to 4 win at night as Joe Blankenship posted his 11th triumph and his seventh in succession.

Individual highlight of the afternoon tilt was turned in by Victoria's Archie Wilson who clouted three home runs, two over the fence and one to deep right field. It gave the outfielder 13 for the season. Owens, in addition to a smart mound trick, came up with two hits, one a mighty blow to right field for a home run.

COME FROM BEHIND

Night game produced some more tense baseball with the A's again displaying their spirit as they came from behind a 4 to 0 deficit to win. Salem greeted Blankenship with a barrage of base knocks to drive over two runs in each of the first and second innings. After that he settled down to hurl shutout ball the rest of the way.

Salem starter Ken Wyatt only gave up five hits all night but issued nine walks and they proved his downfall. Four of the Victoria runners to cross the plate reached first on passes.

After tying the score with a three-run burst in the fifth sparked by Wilson's line double to score two runs the A's won it in the eighth.

Jack Palmer opened the inning by drawing a walk. Wilson forced the runner at second in attempting a sacrifice. Babe Jensen was an infield out as Wilson moved along to second. Catcher Sal Recca was purposely walked as Wyatt elected to pitch to left-hand hitting Vic Buccola. The strategy backfired when Buccola smashed a ground single through the middle and Wilson romped home with the winning run.

An odd feature of the two games was that the A's made 15 hits good for as many runs in the afternoon and five hits count for five runs at night. In other words the Victoria club was hitting in the clutch.

Saturday's two games drew a combined attendance of 3,600.

TACOMA WINS TWO

The league-leading Tacoma Tigers were off on another winning streak. Taking both ends of a doubleheader from Wenatchee, Sunday, by identical scores of 4 to 3, the leaders had posted eight straight triumphs and headed the pack by five games.

Runner-up Bremerton Bluejackets bowed 2 to 1 and 8 to 3 to Spokane, Sunday.

Short scores follow:

Lew R. (Tubby) Stevens, former Victoria football star, now a resident of Los Angeles, became a proud father of a baby son this month, according to word received by his parents, Mr. and Mrs. Alex Stevens.

Red Hot Boston Sox Sweep Doubleheader

The old familiar cry of "stop those Boston Red Sox" is being heard once again around the American League. Paced by Ted Williams and Vern Stephens at the plate and Joe Dobson and Dave (Boo) Ferriss on the mound, the red hot Sox are back in the penant scramble.

With 17 victories in 22 starts during June, the Sox are firmly entrenched in the first division only 5½ games behind the pace-setting Cleveland Indians.

The Red Sox moved another game nearer to the top yesterday when the swept both ends of a doubleheader from St. Louis Browns 2 to 0 and 6 to 3. The twin triumph gave the Red Sox a of nine victories in 11 games.

Williams and Stephens drove in a run apiece to back up Joe Dobson's two-hit pitching in the opener. Ferriss pitched an eight-hitter in the second game for his first route-going performance of the season.

Williams provided the winning blow in the nightcap, his 16th home run with two on.

Philadelphia Athletics swept a double header from Chicago White Sox 6 to 5 and 6 to 2 to pull within 11 percentage points of first place.

Young Carl Scheib allowed 11 hits in winning the opener. Dick Fowler of Toronto gained his fifth triumph with an eight-hitter in the nightcap.

LEADERS DIVIDE

The Indians kept first place by coming back to defeat Washington 4 to 1 in the second game after the Senators had won the opener of their twin bill 5 to 2. Home runs by Allie Clark and Joe Gordon helped Sam Zoldak rack up his second win in as many starts for the Tribe in the afterpiece.

Lefty Tommy Byrne, making his first start of the season, handcuffed the Tigers with two hits in Detroit as the Yankees won 7 to 0.

Boston Braves retained their half game lead over St. Louis Cardinals in the tight National League race by turning back Pittsburgh Pirates 9 to 1. Johnny Sain scattered eight hits for his ninth victory.

Home runs by Stan Musial and Marty Marion, and a two-run triple by Nippy Jones, sparked the Cardinals to a 6 to 4 victory over Brooklyn Dodgers. Alpha Brazle was the winner.

Cincinnati Reds came from behind to nip New York Giants 4 to 3 in the first game of a scheduled doubleheader. The second game was postponed by rain. Ewell Blackwell won his fourth.

Ben's Bombers In Win By Default; Ball Game Tonight

The league-leading Ben's Bombers increased their margin in the senior baseball loop when they were awarded their scheduled game with Pitzer & Nex by default.

Saturay's game at Beacon Hill saw the third-place Navy squad score an 11 to 7 triumph over the youthful Boosters despite the fact that they were outhit and committed nine bobbles in the field.

Boosters got off to a good start in the last of the first, jumping on Jeff Worrell for four runs including a two-run circuit smash by Art Worth. Alf Kubicek, regular catcher for Tars, took over the hurling chores and limited the cellar-dwellers to a pair in the sixth and one in the seventh. Meanwhile, winners scored six in the top of the second and broke through for four unearned tallies in the fourth. Hank Bella made his first start for Boosters, but was chased out in the second in favor of Worth.

Tonight at Athletic Park, Navy will play Eagles, starting at 7.

North Shore, Scots Win Cup Football

VANCOUVER (CP) — First round in the Dominion soccer championships got under way here Saturday with St. Andrews and North Shore winning their respective games.

The Scots, defending champions, blanked Columbia Hotel 2 to 0, while the Reds had their hands full in edging a fighting band from Norquay, 2 to 1.

In another first round cup-tie fixture, South Hill had to go 60 minutes of overtime before they managed to down Kingsway A.N. & A.F., 3 to 2. The victory gave the Hillmen a semi-berth in the competition.

North Shore also gained a semi-spot and they'll take on the winner of tonight's game between Collingwood and Vancouver City.

Poodle Dog, Greneks In Minor Ball Wins

Poodle Dog Cafe and Greneks were the only two clubs to better their standings in the juvenile section of the Minor Baseball Association yesterday.

The cafemen defeated Ace Woodworkers, 6 to 3, while Greneks turned back Tillicums, 17 to 11.

Tillicums won their opening game of the double bill with a 6 to 5 victory over Eagles. Ace Woodworkers captured their second game of a doubleheader, defeating Fletcher's Men's Shop, 9 to 5.

Ladysmith Splits

Ladysmith's senior A women's softball squad split a doubleheader on the mainland over the week-end.

The up-island nine defeated a bolstered Hedlunds team, 6 to 4, on Saturday night with Ballance on the hill but on Sunday the New Westminster senior B squad turned back Ladysmith, 5 to 1. Flo Kennedy was the losing pitcher.

Sports Information Must Be In By 8.30

Sports organizations wishing advance notices or reports of games published in the Times are advised that information must reach the sports department by 8.30 in the morning. Copy received at a later time will not appear until the following day.

Hogan, Demaret Capture Fourball With Record Score

TOLEDO, O. (AP)—Ben Hogan and Jimmy Demaret won the Inverness four-ball matches by the greatest margin in the classic's 11-year history Sunday and picked up a $3,500 cheque for four days of play against 14 other play-for-pay hot-shots.

The two transplanted Texans actually wrapped up the event in Saturday's two rounds when they shot a pair of 60's, 22 under par for the 36 holes, to romp out front by a country mile.

In yesterday's matches, they coasted to an all-even match with Clayton Heafner and Herman Keiser and then dropped a 1-down decision to Chick Harbert and Vic Ghezzi, who finished second and won $1,700.

Hogan and Demaret went to the last of the seven matches without a defeat. Each took a five on the home hole, while Harbert-Ghezzi got down in par figures to finish with a plus six rating, 10 back of the leaders.

In finishing 51 under par for seven rounds, Hogan and Demaret averaged under 64 strokes for each 18 holes, a record for the Inverness event which they previously had won in 1941, 1946 and 1947.

They are the only pair ever to repeat in the colorful birdie barrage.

Pagan Star Takes Longacres Feature

SEATTLE (AP)—Two former winners, both Canadian-owned, finished one-two Sunday in the $5,000 one-mile Tacoma Handicap at Longacres, with Pagan Star five lengths ahead of Scotch Pert at the wire.

Pagan Star, which won the cap in 1946, came within four-fifths of a second of the track record in breezing to victory in 1.35 4-5. Haskell Laswell, veteran jockey, was aboard the Neil Campbell speedster.

Scotch Pert, owned by Mrs. John Ayre was unable to repeat last year's victory but made it a two-horse race, crossing the line three lengths ahead of Court Toubo.

Robinson Hopes To Get Docusen In Ring Tonight

CHICAGO (AP) — Champion Ray (Sugar) Robinson, a little weary in his "battle of the scales" weighed in today for his scheduled 15-round title scrap in Comiskey Park with Bernie Docusen.

The twice-postponed fight is set for tonight weather permitting.

But if the Harlem flash fails to make the required 147-pound limit in the noon ceremonies, the Illinois Athletic Commission may declare his welterweight title vacant.

Robinson hit an even 147 when the bout was originally slated June 17. But rain washed it out, and four days later Robinson refused to weigh in when it was rescheduled. He admitted being overweight.

WOULD LOSE BOND

He began the drying out process all over again and is expected to make the grade. In addition to the threat of having his title removed by the commission should he fail, is a forfeiture of a $5,000 weight bond.

The 22-year-old Docusen, a polished fighter from New Orleans who lost only two of his 58 scraps as a pro to gain recognition as the No. 1 challenger, is trim and anxious to go.

Probably in the end, the one who will get the worst licking will be promoter Irving Kovin. He said that there is a $35,000 advance sale, but he probably will need to gross a gate of $70,000 to break even.

J.B.A.A. Juveniles Win Lacrosse Tilt

J.B.A.A. juveniles edged Nanaimo juveniles, 7 to 6, in an exhibition boxla game preceding the senior game between Jokers and Nanaimo at Stevenson Memorial Park yesterday.

Bay led 2 to 1 at the end of the first quarter, 4 to 3 at the half and 6 to 4 at the three-quarter mark.

Day, with three goals, was the leading marksman for the Bays. Johnston, Jones, Mathews and Husband were the other scorers.

Timber Service, Tiremen Sweep Exhibition Games

Timber Service and Douglas Tire of the Senior A Men's Softball League both won exhibition doubleheaders over the week-end. On Saturday Timber Service defeated the Port Townsend Bunces by the scores of 14 to 0 and 7 to 1. Joe Bryant of Timber Service set the visitors down with two hits in the first game, while his teammates banged out 11, including Mickey Smith's grand slam home run. It was the Bunces first defeat of the season. Norm Martin was the winning hurler in the second contest as he bested Hale, ace chucker for Port Townsend, in a pitching duel. Each team had seven hits.

The Tiremen defeated Ladysmith Travelers' Hotel, 9 to 0 and 6 to 4 Sunday. Ken Gunter, stylish pitcher for Jim Lackie's team, faced a total of only 29 batters in the first game as he gave up two hits. Not one runner reached second base. The locals took advantage of Harper's wildness, scoring three unearned runs in the first inning. In the eighth they put together three singles, three walks and Chick Newman's home run with the bases loaded to tally six runs.

THREE HOMERS SEEN

The visitors started off with a bang in the second game as they plated three runs, including a home run by Pete Hawryluk. Victoria got one run back in their half of the first and tied the game in the third at 3 to 3 on successive home runs by Verne Evans and Gar Taylor. The locals added three more runs in the 8th to take a 6 to 3 lead.

Ladysmith started a rally in the ninth, adding one run to their total before the side was retired.

Stan Tenning was the winning pitcher and Sid Burgess the loser.

Tonight Timber Service are scheduled to meet Bluebird Cabs and with a win could move into a tie for first. Game time 6.30, at Central Park.

17-Year-Old U.S. Decathlon Champ

BLOOMFIELD, N.J, (AP)—Bob Mathias, 17-year-old Tulare, Calif., high school boy, became the United States A.A.U. decathlon champion Sunday and earned the right to head the United States Olympic team of all-around athletes in London this summer.

Competing in his second decathlon event since he grew to six feet one and a half inches and 190 pounds of athletic talent, Mathias piled up an unofficial total of 7,224 points in the 10 event grind.

Johnny Longden Has 3,086 Race Winners

INGLEWOOD, Calif. (AP)—Jockey Johnny Longden today boasted the 3,086th winner of his long riding career.

The 1947 United States riding champion, a former resident of Tabor, Alta., booted home five winners at Hollywood Park Saturday to run his string for the current meeting to 61 winners in 30 racing days.

Riot Threatens As Jokers Hand Nanaimo First Loss

A last-period counter attack by the Victoria Jokers off-set a concerted Nanaimo drive as locals handed the up-islanders their first lacrosse defeat here Sunday. Seven hundred enthusiastic fans turned out to witness one of the wildest encounters seen this season. Officials called the game before full time, awarding Jokers the win. The score was 11 to 6.

Nanaimo opened the scoring but Jokers after tying the count went on to gain a decisive margin holding a 5 to 1 edge at the end of the initial quarter.

Both teams set their defence in the second period and neither could hit the score column. Fred Fulla in the Nanaimo net turned back seven shots while Bill Andrews of the Jokers saved eight drives. Half time score was 5 to 1 for the Victorians.

After the breather the coal-towners found their shooting and goals by Garland, Gold, Good and Menzies more than off-set local counters by Temple, Rhodes and Ovcharick. Score at three-quarter time saw the Victoria margin to 8 to 5.

Jimmy Gold netted his second marker for Nanaimo as the final stanza got under way. Play roughened considerably at this stage as only two goals separated the league's two leading squads. Near the end of the game two successive scores by Andy Ovcharick put the game on ice for Jokers.

With 40 seconds remaining in the game and feeling running high, the fireworks were set off as a result of a high check by Nanaimo's ace, Buck Bennie. The locals took exception to Bennie's tacts and after some pushing around several fights took place with rival pairs squaring off. Officials had their hands full and called the game giving Jokers the victory.

Ovcharick playing his first game of the season was high-scorer with four goals and two assists. Peter Good and Jimmy Gold led the attack for the losers with a pair of goals each. Bill Andrews, Jokers' rotund net-minder, saved the day on numerous occasions by uncanny stops.

Teams and scores follow:

Jokers — Andrews, Thomas, Banks 1, Temple 1, Joyce 1, Ellis 1, Rhodes 1, Douglas, MacMillan 1, Harding 1, Walker, Ovcharick 4, McLellan.

Nanaimo—Fulla, B. Bennie, Garland 1, Seward, Good 2, Menzies 1, Dorman, Potts, Green, E. Bennie, Gold 2, D. White, W. White.

Esquimalt Wins Cup Soccer; Will Meet St. Andrews

Driving through for a 3 to 1 lead in the first half, Esquimalt defeated Canadian Legion 5 to 3 in the opening round of the Dominion Cup football series Saturday. The Dockers earned the right to oppose Vancouver St. Andrews in the next round.

After Legion had moved into an early advantage on George McCartney's goal resulting from a miskick by one of the opposing defenders Esquimalt rallied to register three successive counters by Nip Sage, Dave Huggins and Gordie Hayward.

Both teams elected to play it the rough way in the second half, with the result the spectators saw plenty of heavy body checking. Gordie Cooper's goal reduced Esquimalt's margin to a single marker, but the dockers settled down and when Huggins and Sage contributed their second goals of the match the result was never in doubt. Andy Anderson added the Legion's third goal minutes before the finish.

Name City Cricket Eleven To Meet Vancouver July 1

One of the strongest cricket teams to represent the city in recent years has been assembled for the annual match between Victoria and Vancouver, set for Windsor Park, Thursday, July 1, at 10.30.

The British Columbia cricket team to represent the province in the annual Dominion competition in Vancouver in August will be picked from the players competing in the holiday match.

Line-up of the Victoria team, which will be skippered by Reg Wenman, follows: R. Wenman, Godfrey Wenman, Owen Morgan, Douglas Day, Ben Twamley, George Payne, Ted Parkins, Frank Harrison, Archie Doble, Jack Sparks and J. Gavereau. Col. Webber will umpire.

Ronnie Mitchell, Miss Acton Win C.P.R. Net Titles

Audrey Acton and Ronnie Mitchell, two of the clubs hardest hitters, became the C.P.R. singles champions, as play concluded in the annual championships on the Belleville Street tennis courts Sunday.

In winning the women's singles title, Miss Acton was extended by the defending titlist, Lillian Warne, finally winning by a score of 7-5, 6-2.

In taking the men's singles for the second straight year, Mitchell showed considerable improvement over past years. The 22-year-old champ showed a fine all-court game to down Will Browne-Cave 6-0, 6-4.

Mitchell won his second title, as he paired with Harold Sinclair to take the men's doubles, 2-6, 6-2, 6-1, from Peter Peacock and Browne-Cave, and became the first player in over 20 years to win all three titles as he partnered Marnie Hutcheon to win the mixed doubles. The mixed doubles final was the longest and closest of the day, with the eventual winners eliminating the defending champs, Lillian Warne and Browne-Cave, 7-5, 8-10, 6-1. Playing in her first tennis final, Marnie Hutcheon turned in a grand performance, her well-hit drives giving Mitchell many easy placements at the net.

Norah Finlayson and Faye Gay defeated Trudy Sweatman and Dorothy Carr, 6-1, 6-3, to win the women's doubles flight, while Tom Wilson and Terry Harbord scored a close 13-11, 6-4 win over Dudley Prideau and Charlie Smith in the men's doubles flight final.

Dave Williams, Pat Cowan Take Club Net Titles

Dave Williams and Pat Cowan are the new singles champions of the Victoria Lawn Tennis Club. They were crowned Saturday as finals were run off in all divisions of the annual club championships.

After dropping the first set to Bernard Milledge, Williams rallied to take his final 1-6, 8-6, 6-4. Miss Cowan was also forced to come from behind to defeat Anna Peden 5-7, 6-3, 6-3.

Williams and Milledge took the men's doubles from Carl Brand and Jim McArthur, 6-4, 4-6, 6-4. The women's doubles title went to Peggy Jackson and Patience Birley as a result of their win over Misses Cowan and Peden, 3-6, 6-3, 6-4.

Bill Dunbar and Peggy Jackson lifted the mixed doubles title, defeating Brand and Dot Edwards 3-6, 6-3, 6-0.

Willoughby, Ashe Capture Major Awards At B.C.R.A.

Major L. C. Willoughby of the Seaforth Highlanders and Sgt. A. E. Ashe of the Canadian Scottish carried off the major awards in the closing day of the 64th annual prize meeting of the British Columbia Rifle Association at Heals Range, Saturday.

Willoughby captured the grand aggragate and British Columbia championship to take possession of the Governor-General's silver medal, the B. C. Bond Corporation challenge cup and the B.C.R.A. gold badge. The winner posted a total of 680 points.

Ashe with a score of 170, tied with Willoughby for top position in the Lieutenant-Governor's award but was declared the winner through having a greater number of bulls in his score.

MRS. HETHEY SECOND

Mrs. Gwen Spencer Hethey finished second in the grand aggregate and received the Governor-General's bronze medal and the B.C.R.A. silver badge. She had a score of 672.

Maj. Taylor Spittal took the Dominion of Canada Rifle Association silver medal with a score of 669.

Lieut. F. C. Sullivan won the D.C.R.A. bronze medal for the Westminster Regiment with 668 points, and Sgt. Jack Reagan of the Canadian Scottish Regiment received the B.C.R.A. silver medal with another 668, which put him in fifth place.

Prizes were presented by Rear-Admiral E. R. Mainguy, O.B.E.

Selection of the B.C. team to compete in the annual D.C.R.A. meet at Ottawa will be selected from the aggregate scores. Places and scores of Victoria marksmen in the aggregate follow.

Mrs. Gwen Spencer Hethey, 5th Regt., 672 Maj Taylor Spittal, C.S.R., 669; Sgt. Jack Reagan, C.S.R., 668; Sgt. A. W. Crouch, C.S.R., 668; S.-Ldr. R. W. Beaumont, C.S.R., 664; Lieut. Victoria Shots Prepare For Championship Meet

With the annual two-day championship tournament less than two weeks away—it will be held July 10 and 11—members of the Victoria Gun Club sharpened up on their marksmanship Sunday with a bang-up prize competition which saw some good shooting registered on the trap and skeet ranges.

On July 10 from early morning until dusk the Albert Head Road range will resound to scattergun fire at the four trap layouts when some of the best shotgun shots in the Pacific Northwest congregate to gun for a handsome array of prizes.

Sunday's program will feature the 100-target B.C. skeet championship at stake for resident marksmen.

President Russell B. Horton reports that shooters will be here from up-island, mainland B.C. and U.S. clubs for the tournament. Names of the crack American and B.C. mainland competitors are not yet available.

Club has put in its fourth trap layout. This is forward of No. 2 skeet range. Officials have devoted considerable time of late with paint brush and tools smartening up the clubhouse and grounds.

Henry Pottinger was in the limelight yesterday. He was gunning for the Ernie Todd long-run trap cold button at present held by John Wenger, past-president. Pottinger was in hot form. He registered a pair of 25 possibles and continued on to smash 19 more before a "miscue" was scored against him.

The team of Art Turner and Harold Moon are keeping up their fine performances on the trap ranges. They beat off the challenging duo of Herman Hazenfratz and T. Zaccarelli for the silver buttons. Moon and Turner have held these prizes since competition opened and when the smoke had cleared from the scene this time they were on top 41 to 36.

This was a special shoot arranged by the club and open to the public. Those taking home prizes included Moon, Ted Bailey, Charles Pears, Pottinger, E. Hazenfratz, Horton, Lou Horth, J. H. Lace, Calgary's Col. Johnson, Dr. A. D. Bechtel—who did some good shooting at the skeet ranges—Roger Monteith, G. S. Ahern and R. H. Pooley.

Battle Between Spaulding, Olds Features Auto Races

Some of the finest driving of the season was seen at Saturday night's Langford Speedway auto races with Don Olds of Seattle stealing the spotlight from the main money winner, Jack Spaulding.

Close to 3,500 fans roared approval of the show, and by the time the checkered flag signaled finis to the evening's program, it was generally agreed you couldn't ask for much better.

Olds in his unannounced new No. 5 car, a little beauty reconstructed from a midget racer, brought the customers to their feet more than once as he fought it out with Spaulding in the U.S. No. 7 for top spot in the helmet dash, first heat race and 30-lap reverse main event.

Although the veteran Spaulding gave a brilliant display, winning the dash and the main race, Olds' performance got the most applause.

He chased Spaulding in all three events and gave him a real run for his money in the feature race until he pressed too hard on the 23rd lap and spun out of the running.

Dave Cooper, in the No. 4, who was with them the whole way, moved up to finish second to Spaulding and Jerry Vantreight, in the No. 6, rolled home third.

Spaulding and Olds started last in the race, Vantreight was next and beside him was Digger Caldwell in the No. 1. The Digger had bad luck riding with him nearly all evening, though, and on the 10th lap tangled with Olds in a battle for second position, and spun out of the contest.

The helmet dash was a dandy with Olds nipping at Spaulding's heels all the way. But he couldn't get the opening he was looking for. Vern Bruce, in the No. 36, finished third to them.

Olds won the first heat race after tagging Spaulding on the fourth lap. He nipped inside of the No. 7 car, Spaulding drove abreast of him for a lap and a half, and the Seattle boy finally eased ahead to win. Vantreight was third.

Caldwell won the second heat race in a walk with Bruce second and Brownie Brown, in the new No. 3, third.

Third heat race was a hectic affair. Eddie Kostenuk, in the No. 25, throwing a wrench into the works before the event got under way. His throttle jammed as the field was rolling up for the start, knocking itself and the No. 2 engine-in-rear job of Howard Stanley, out of the race.

Finally when the event got started, George Haslan in the No. 9, and Roy White, No. 15, tangled on the fourth lap and skidded madly across the asphalt. Harry Greenwood in No. 47 bumped the two locked cars, but manoeuvered clear to place third in the event, which was won by Bert McLeod in the No. 5. Second was the Chinese driver, Bung Eng, in the No. 69.

The fourth heat was another great race, won by Cooper with White second and Haslam third.

The 10-lap "B" main was won by Kostenuk in the No. 10 with Bob Simpson, in No. 16, second, and Slim Johnson, piloting the No. 23, third.

Spaulding drove the fastest lap in the time trials, 18.07; Bruce was next with 18.13, then Olds with 18.17, Vantreight with 18.19.

Conciliation Board Awards 12½ Cents To Okanagan Workers

A majority report of a three-man conciliation board headed by E. S. Farr, Victoria lawyer, has recommended a 12½ per cent wage increase across the board for more than 4,000 fruit and vegetable workers in the Okanagan Valley represented by the Fruit and Vegetable Workers' Union, T.L.C.

Th minority report of W. E. Adams, Kelowna, has not yet been received by Labor Minister Gordon S. Wismer. Labor department officials have not yet been informed what action has been taken on the recommendation by either the employees or the 26 employer units involved in the negotiations.

The workers had asked a 25 per cent increase.

The board unanimously deferred consideration on seniority, holidays with pay and hours of work and overtime.

The majority report said that the award was made "in the confidence that the growers and distributors can absorb it, and that this is necessary to assist the diversified workers in maintaining their families and in meeting their general increased costs."

The workers on May 1, 1947, received a 20 per cent increase. Third member of the board was W. V. Valair of Vernon.

Winners of the Y. M. C. A. Camera Club open competition were: "Ferntasy," by Ken Smith: "Rejected," by Ken Smith, and "Landscape," by Greg Thomas. The meeting Thursday will not be held due to the holiday.

Islanders Wanted For Rocket Society

An invitation has been extended all Vancouver Islanders interested in rocket development to become members of the Canadian Rocket Society, formed earlier this month in Toronto.

An outgrowth of the University of Toronto Rocket Society, the new organization seeks to obtain a representative membership from all parts of Canada.

It intends to obtain and disseminate information on rocket development and to act as a focal point for rocket research.

There are no qualifications required for enrollment. Students may become members by paying only $1 a year. Senior members will be charged $3 a year and corporations $25.

Monthly bulletins containing papers and articles on rocket development will be published and distributed to members starting in September.

A non-profit, non-partizan organization, the Canadian Rocket Society will attempt to impress upon all citizens the necessity of keeping abreast in rocket science, both with regard to problems of defence and peace.

Persons wishing to become members of the society should write Canadian Rocket Society, 108 Bloor Street, Toronto.

GOLD COMMISSIONER

Kenneth Bertram Blakey has been appointed by provincial order-in-council as gold commissioner for the Stikine mining division with headquarters in Victoria. Ronald Healthfield McCrimmon has been named his deputy.

Ordnance Units Had Busy Time During Mainland Floods

One of the busiest army organizations in British Columbia during the recent floods was No. 17 Regional Ordnance Depot, Royal Canadian Ordnance Corps, Vancouver.

In addition to being actually the first active army unit to work on the dikes, they produced from their depot more than 800,000 pounds of stores, valued at over $300,000.

Working around the clock, 17 Regional Ordnance Depot produced, among many other things, for the dike workers: 1,522 pairs of rubber boots, 1,800 complete dryback rain outfits as well as 2,276 ground sheets suitable for rain capes, 1,600 suits of underwear, 3,900 pairs of socks, 16,200 feet of heavy rope, 445 axes, 2,242 shovels, 1,025 lanterns, 2,240 double-deck and 1,497 single-deck beds complete with mattresses, 15,690 blankets.

Also provided from army ordnance stores in Vancouver and from across Canada were appromiately 2,000,000 sandbags.

Army stores provided materials not only for the navy, army and air force but for many thousands of civilian flood workers. They also provided tents, beds and blankets needed by the Canadian Red Cross in setting up camps for people evacuated from the flooded areas.

No New Polio Cases At Fort St. John

Provincial health department officials today reported no new cases of poliomyelitis had been reported during the week-nd in the Fort St. John area where on Saturday the toll of the dread disease in that district reached local epidemic proportions with 13 stricken.

A 14th case has been reported from in the southern part of the Peace River district.

Efforts are being made to have Dr. Helen Veman, health officer for the South Okanagan health unit, sent to Fort St. John to help other doctors organize defence against the disease. Dr. Veman during the week-end was organizing disease defence forces in the Okanagan in connection with the flood there and it is not yet confirmed in Victoria that she has left for the Peace River district.

H.M.C.S. Malahat To Close Down For Summer Months

Greater Victoria's naval reserve division, H.M.C.S. Malahat, this evening will hold its last parade until September, following a year and two months of operation since recommissioning April 23, 1947.

From the time of her recommissioning until now, Malahat has increased her complement from about 40 to 95 . . . only five short of her objetive of 100.

Today, ship's company includes navy war veterans anxious to keep their hand in, and new entries, young men with enthusiasm for the sea and the navy.

Until now, main attention has been paid to new-entry training, but it is hoped that in future, with this training well in hand, more attention can be paid to week-end cruises in local waters aboard the division's craft.

Three vessels include two whalers, and a 28-foot cabin cruiser which has been loaned by Malahat to the Pacific International Yachting Association to help in the regatta.

HIGHLIGHTS OF YEAR

Highlights in the division's year have been visits from Rear-Amiral E. R. Mainguy, Flag Officer, Pacific Coast; Capt. K. F. Adams, director of naval reserves, and Cmdr. H. Little, at that time director of University Naval Training Divisions.

One of the important developments for the division was the establishment of the Victoria College U.N.T.D. as a separate command from H.M.C.S. Discovery to which the division was a tender until May 24 this year. The local U.N.T.D. is now a tender to Malahat and it is hoped that present complement of 20 will be increased to 30.

For a time Malahat, in co-operation with the Canadian Army and Royal Canadian Air Force, maintained a recruiting office at the Belmont Building, but that has now been closed and Malahat now recruits for both the R.C.N. and R.C.N. (R) at ship's headquarters in H.M.C. Dockyard.

The summer close-down on Malahat's operations is taking place because all personnel are taking part in the navy's extensive summer reserve training program in which ships of the R.C.N.'s active fleets are voyaging to many points on both the Pacific and Atlantic coasts of North America.

UP TO 4 MONTHS

While some are only able to take their two weeks' naval training, others are continuing on past that period to undertake voluntary service which, in some cases, will last as long as four months.

Malahat was first commissioned during the war to recruit personnel for active service and it was on Aug. 31, 1946, that she was temporarily decommissioned on the order of Naval Service Headquarters in Ottawa.

During the time she was decommissioned, her personnel was carried on the books of the Vancouver reserve division, H.M.C.S. Discovery, although they continued their training here.

Finally, last year, Malahat was recommissioned and the ship's company reorganized and an extensive recruiting campaign was put under way to bring the ship's company up to its authorized strength.

Malahat's commanding officer is Cmdr. R. Jackson, (R.C.N. (R). Executive officer is Cmdr. E. S. McGowan, R.C.N. (R), and Lieut. G. Wood, R.C.N., staff officer.

B.C. POLICE PROMOTION—Sub.-Insp. Jake Young, who was recently promoted to that rank from sergeant in the B.C. Provincial Police, it is announced from Victoria headquarters. Sub.-Insp. Young is in the criminal investigation branch, where he has been for many years. He is a crack rifle and pistol shot, last week winning honors in the B.C.R.A. meet at Heals Range. Next week he will be in action at the Victoria City Police Revolver Club's annual two-day tournament back of Thetis Lake, July 7 and 8.

Princeton Choir Sings Tuesday

The Princetor Theological Seminary Choir of Princeton, New Jersey, which will sing at St. Andrew's Presbyterian Church Tuesday evening at 8 has been touring the eastern United States for 13 years, singing in three or four churches or schools every Sunday of the academic year. In September, 1946, the choir toured Cuba, singing in 30 churches and schools in three provinces of that island; and in the summer of 1947 it made an extended tour through 15 states of the United States and several states in Mexico. This summer the group is making a seven weeks' transcontinental American tour, going out by the northern United States to the Pacfic coast and returning from Vancouver Island by way of southern Canada, singing one or more services daily.

Dr. David Hugh Jones, organizer and leader of the choir, is director of music at Princeton Seminary.

Many Vehicles In Week-end Accidents; 2 Persons Injured

Condition of Martin L. Kachuk, 3426 Seymour Avenue, motorcyclist injured in a Saturday evening accident, was reported by his attending physician today as good. The doctor said his injuries were not serious.

This was the worst accident involving injuries during the week-end in Victoria and district. Hs major injury, the doctor said, is a fractured collarbone.

According to city police, Kachuk was proceeding east on Johnson Street and near Tyee Road the motorcycle went out of control and struck a curb. The machine skidded along the curb for 57 feet and on stopping fell over on the driver. He was taken to Jubilee Hospital by police.

SLOWED HEAVY TRAFFIC

Provincial police had their hands full Saturday evening to keep traffic moving following a collision at Craigflower Bridge on Gorge Road between cars driven by Mrs. Agnes Billard, 3013 Earl Grey Street, and Thomas Coles.

Accident occurred when the heavy traffic from the auto races was returning to town. Miles of the stream of traffic was slowed down to a snail's pace. Damage to the Billard vehicle is estimated at $300 and the Cole car $150.

HIT-AND-RUN

At 2 Sunday morning Jock McCall, 1129 Esquimalt Road, was able to give police a fair description of the car which crashed into the side of his parked outside the Esquimalt Road address and kept on going. Another hit-and-run shortly before that was reported by B.C. police at the Langford Service Station on the Island Highway.

Woo Yen Sing, 17, who was admitted to Canada three months ago, suffered a cut lip and right leg when the bicycle he was riding was in collision with a car at Government and Chatham Streets Saturday afternoon.

CARS IMPOUNDED

Cars driven by Gordon Thomas Clark, 224 Halliburton Street, Nanaimo, and Richard G. Fernyhough, 422 Boleskine Road, were impounded following a collision during the week-end at Rock Bay Avenue and Gorge Road.

Damage was estimated at $200 when a car driven by Herbert J. Dawson, 1812 Cook Street, went out of control on the Johnson Street Extension Saturday night and wound up on its side after hitting the rocky abuttments on the south side.

Improvement District Created At Crofton

The Crofton district on Vancouver Island has been incorporated as an improvement district under the Water Act and will be known as the Crofton Waterworks District.

Requested by land owners of the area the incorporation was effected by order-in-council.

Switzerland Feels Canadian Austerity 'Quite Badly'

Dr. Victor Nef, Swiss minister to Canada, today on his first trip to Victoria, conferred with Premier Byron Johnson and during an interview reported that Canada's "austerity" program was affecting Switzerland's trade "quite badly."

A career diplomat who has served at various posts mostly in the western hemisphere for the past 30 years and who became Switzerland's first minister to Canada two years ago, is on a trip to establish official contacts and get some rest. He has visited the Yukon before coming here.

Particularly felt in Switzerland were Mr. Abbott's quota-cutting Canadian imports of Swiss-made watches to 40 per cent and similar quotas cutting imports of lace, silks and embroidery to 35 per cent.

Switzerland, however, is continuing to buy Canadian wheat, lumber, metals and ores, and a Swiss ship, the General Guisan, will dock at Vancouver next week to take on a cargo of these items, Dr. Nef reported. The ship is named after Swiss army commander during the Second World War.

Swis trade with Canada is generally $10,000,000 a year short of the balance of imports and exports on the side of Canada. This is made up largely with money received from tourists from this hemisphere. The trade has gone, imports from Canada exceeding imports from Switzerland by $30,000,000 a year.

Outside of scenery and water-power Switzerland had practically no natural resources yet because it has been free of wars for hundreds of years it has often been described as an oasis in Europe's economic desert. Dr. Nef reported there was a considerable expansion of industry now under way in Switzerland, that arrangements had been worked out with various nations to have tourists come to Switzerland and that Switzerland was on the giving side of the European Recovery Program, or Marshall Plan.

"We are very anxious to have trade put on its feet not only in Europe but throughout the world," he said.

Before going to Ottawa Dr. Nef was consul-general in New York.

48th Veterans Hold Annual Reunion

More than 100 "Old Sweats" of First World War, flying the banner of the 48th Battalion (C.E.F.) Association, gathered Saturday night for their annual reunion banquet.

Twenty members attended from the mainland as well as two from the United States.

Event marked the 33rd anniversary of the departure of the units from its Willows camp to overseas. Jack Dirom, president of the Victoria branch, was chairman. Other veterans' organizations were represented at the enjoyable evening of reminiscenes and entertainment.

J.P. Appointed

The provincial government by order-in-council has appointed Robert Kilmer of Esquimalt as a justice of the peace.

North Ward Honors Graduating Class

North Ward School honored the graduating class with exercises presided over by Principal R. Kipling.

Miss N. McKillican and Mr. J. Ross introduced the graduating class. Mrs. H. A. Beckwith addressed the graduating class.

Dorothy Chu won the proficiency prize, presented by Mrs. J. F. K. English; citizenship to Ted Lunt, by Mrs. R. Fuller; sports prize to Mona Ged and Stanley Johnson by J. Gough; Red Cross and first aid to Sylvia Yarema and Robert Huntley by Miss I. Tuck; home economics and woodwork to Geraldine Koski and Tom McLeod by Miss J. Polson.

Rowebottom To Tell Manufacturers Of Trip

E. G. Rowebottom, deputy minister of trade and industry for the B.C. government, will describe details of the trip of the B.C. Buyers' delegation to the United Kingdom to the Vancouver Island division of the Canadian Manufacturers' Association in the Empress Hotel tonight.

The meeting will take the form of a dinner which will start at 6.30.

Mr. Rowebottom was one of two provincial government representatives on the 25-man delegation which spent about a month in the United Kingdom during May and June. The delegattion was headed by Trade and Industry Minister L. H. Eyres.

DOCTORS APPOINTED

Dr. J. F. Sparling and Dr. Bruce Cannon have been appointed by the provincial government as members of the board of managers of Royal Columbian Hospital, New Westminster.

B.C. Registrations Of New Automobiles Slip During April

New car registrations in British Columbia during April of this year slipped behind April of last year, the motor vehicle branch reported today.

The first month in some time which has shown a decline, April new car registrations this year totaled 1,218 in the private passenger car category. This compares with 1,229 during the previous April. The 1948 April figure is also slightly behind the March figure for this year.

Commercial registrations, however were higher than for the previous April. The tables show a total of 786 new commercial licenses issued last April, compared with 663 for the previous April.

The April registrations bring to 165,484 the number of motor vehicles licensed to operate on B.C. highways. This compares with 143,006 such vehicles licensed at the corresponding date last year.

Of the total at the end of April this year, 122,599 were private cars while the remaining 42,885 were registered as commercial vehicles.

There are also 3,255 motorcycles licensed to operate compared with 2,743 at the end of April last year. The number of trailers registered is 6,351, an increase from 5,770 on the corresponding 1947 date.

One in five British Columbians holds a license to drive a car, the records showing that at the end of April there were 218,754 drivers' licenses issued. This is an increase from 193,599 on April 30, 1947.

Commons Prices Committee's Report Stirs Warm Debate Near Session's End

OTTAWA (CP)—A Bitter debate on prices exploded in the Commons Saturday, blocking the prorogation drive and bringing from John Diefenbaker, P.C., Lake Centre, Sask., the charge that the recommendations of the all-party prices committee had been tailor-made by the government itself.

In a series of allegations that drew Prime Minister King to his feet in anger, the long, lean lawyer from the prairies posed this question for the chamber:

"I ask the Prime Minister who was it that drafted or handed to certain members of the committee—certain government members of the committee—the recommendations that it was desired the committee should give."

WANTS STATEMENT

Mr. Diefenbaker called repeatedly for a statement of what the government intended to do about the committee's report and traced the events leading to the issuance of that document.

He said there were by-elections, in which the government lost, and "pilgrimages" of Liberal members to Prime Minister King seeking relief from taxation. Mr. King, in turn, had taken Finance Minister Abbott to task for his budget policies.

At this point, Mr. King jumped to his feet.

"That's absolute nonsense!", he should. "I have never taken the Minister of Finance to task in my life."

The recommendations at which Mr. Diefenbaker levelled his criticism were contained on the committee report tabled Friday and moved for adoption Saturday. They embodied 14 points, including removal of excise taxes and import controls imposed in last November's currency-conservation program.

He was adding weight to an earlier attack by Donald Fleming, P.C., Toronto-Eglington, who moved that the report be referred back to the committee with five alternative recommendations.

They included suggestions that the committee include that the high cost of living results from infationary government policies and recommend that the government consider removing all the Nov. 17 excise taxes, exempting family budget items from sales and excise taxes and reducing income taxes.

OUT OF ORDER

The motion was ruled out of order on the ground the Commons could not instruct a committee to bring in specific recommendations. Progressive Conservative members challenged the ruling, but Deputy Speaker Ross Macdonald was upheld by a recorded vote of 98 to 26.

William Irvine, C.C.F., Cariboo, then introduced a second motion urging reference back to the committee.

His amndment urged that the committee be empowered to recommend immediate imposition of a substantial tax on excess profits, restoration of a comprehensive system of price controls and introduction of subsidies wherever necessary.

It was ruled out of order on the same grounds.

Other speakers included Angus MacInnis, C.C.F., Vancouver East; Ralph Maybank, Lib., Winnipeg South Centre; Walter Kuhl, S.C., Jasper-Edson, Alta.; Cecil Merritt, V.C., P.C., Vancouver-Burrard, and E. D. Fulton, P.C., Kamloops.

Dealing with the recommendations, Mr. Diefenbaker said that the one suggesting safeguards against profiteering was mrely a "stall" because that power already was on the statute books.

"Not next year and not next session," he said, "but before the end of this session let the government do something about prices either on the basis of this report or on some other basis."

Mr. Maybank charged the Progressive Conservative members of the prices committee had wanted the committee to prsent a "white-washing report."

NO GENERAL ATTACK

Vice-Chairman of the committee, he said the report made no general attack on business.

"IIt is neither a white-washing report nor a smearing report." he said, "although some members of the other side of the chamber would have liked a whitewash report."

He said Mr. Fleming had voted against the committee's recommendation that the austerity excise taxes be lifted. He had also voted against all other recommendations by the committee, while Mr. Merritt had left the committee meeting before the vote was taken

The Progressive Conservative policy was clear, said Mr. Maybank. That party recognized that the labor market now is "tight." It wanted establishment of a labor pool. If such a pool was established then labor would be cheaper and costs would go down.

Mr. Merritt termed the recommendations "ashcan" suggestions in that they obviously could be thrown away once Parliament prorogued. They represented the views of the government rather than those of the committee.

As a member of the committee, he resented what he said was the "attempt to make me a partner to the washing of dirty cabinet linen in public." Actually, the recommendations indicated a "split" in the cabinet ranks because they were introduced by a cabinet minister.

Mr. MacInnis said some claimed production beat inflation. There was a greater supply of civilian goods available now than two years ago and yet prices were higher than they were two years ago. They were still rising.

The current condition, he said, was a "prelude" to depression. Possibly 95 per cent of the people could not meet the high costs of living and keep out of debt.

URGES BIGGER PRODUCTION

Mr. Fulton argued that the solution of the pricing problem lay in greater production and greater abundance of goods. Contrasted with this was the C.C.F. system which could lead only to "force or famine."

Mr. Kuhl said he felt the government had gone out of its way to blame high prices on private business. The government needed a "scapegoat" for the prices situation and had used the committee as an instrument for placing the blame on business.

There had been charges that corporations had made "exorbitant" profits, but evidence taken before the committee showed big companies actually were making only moderate profits. The government was driving the country towards "Socialism" or Communism."

CATARRH and SINUS trouble . . . Splendid Results from treatment

Sufferers from the distressing symptoms and wretched discomforts of Catarrh, Sinus and Antrum troubles may now win real relief as thousands of others have done—thanks to Lantigen "B". Letter after letter received in the offices of Lantigen Laboratories Limited tell of the splendid results obtained from the Lantigen "B" treatment. Lantigen "B" is the modern oral way of obtaining relief from Catarrh and Sinus (including Antrum) infections, also common types of Bronchial Asthma and Bronchitis. As many sufferers know, catarrh and sinusitis are due to a bacterial infection of the air passages of the head. This may extend down the trachea ("windpipe") to the bronchial tubes and may cause Bronchial Asthma and Bronchitis. To raise the defenses of the body against this bacterial infection a special dissolved vaccine for oral administration — Lantigen "B" — was prepared. Lantigen "B" is taken by mouth. Full directions, including reduced dosages for children, are given with every bottle and when taken as directed Lantigen "B" will help to bring welcome relief from the discomforts of Catarrh, Sinusitis and common types of Bronchial Asthma and Bronchitis. Sufferers from these complaints should also take care to secure adequate rest; maintain proper eating habits, avoid constipation, wet feet and chills. Start on the road to relief immediately—with the widely acclaimed Lantigen "B" treatment. Get a bottle of Lantigen "B" from your druggist today. For further information write to Lantigen Laboratories Limited, 12 Richmond Street East, Toronto.

Bright Services At Citadel Opening

Fitting to the service given Saturday night to dedicate the new Salvation Army Citadel on Pandora Avenue, the Citadel Songsters and members of the congregation raised their voices to sing "Bless This House." Musical accompaniments were provided by the Salvation Army band.

The indoor service was preceded by a key-turning service outside. Taking part were, left to right, Ald. Aubrey Kent, representing the City of Victoria; Dr. A. E. Whitehouse, representing the Ministerial Association; Lt.-Col. A. Keith, divisional commander of southern B.C.

The new Salvation Army Citadel on Pandora Avenue was opened by Alderman Aubrey Kent, representing the City of Victoria, at a key-turning ceremony Saturday night.

"We are glad that at last you have this new home and we wish you every success," Ald. Kent told the 500 Salvationists and friends in attendance as he unlocked the front door of the $110,000 building.

Lt.-Col. A. Keith, divisional commander of the Salvation Army for southern B.C., thanked the alderman for his good wishes.

"This is a great and happy day for us," he said.

The doors opened, the crowd moved inside for a special dedication service. A prayer of dedication was offered by Major Harold Martin and a Scripture lesson was read by Major A. McInnes.

Hymns of dedication were sung.

Words in praise of the Salvation Army were spoken by Dr. A. E. Whitehouse, representative of the Ministerial Association, and the army's appreciation to all persons who assisted in the construction of the building was expressed by C. C. Simpson, vice-chairman of the Victoria advisory board.

Maj. F. Howlett, head of the Citadel Corps, also thanked all persons who had donated and contributed to the completion and furnishing of the new building.

Whale In Collision With Racing Yacht

HAMILTON, Bermuda (CP) — A midocean collision between the racing yacht Stormy Weather and a whale was reported here today by the crew.

The 53-foot yawl was a contestant in the Newport-Bermuda yacht race this week, won by Henry C. Taylor's Baruna.

Crew members said they were on the western edge of the Gulf Stream when the whale was sighted 50 feet away heading straight for the craft. It struck amidships with a tremendous bump.

"He looked awfully mad. Froth was coming out of his nostrils but he didn't chase or charge us," they said.

Ontario Firms Seek B.C. Shipyarders

While the employment scene in Victoria remains relatively unchanged during the past week, opportunities are evidently available in the east, according to C. A. Mudge, National Employment Service manager for Victoria.

A number of inquiries have been received from employers in Ontario seeking shipyards tradesmen. As far as is known, pretty well all types of workers in the shipbuilding trade are required.

The difficulty of placing a large group of college and university students in summer jobs during the past month and a half has been pretty well overcome, stated the manager's report.

"Major demand is for women—especially stenographers, typists, waitresses and domestics," said Mr. Mudge.

The ratio of unemployed persons to jobs available increased slightly from 4.3 to 4.4 during the week, but there has been a drop in the number of unemployed males.

There have been fewer applications for employment recorded at the service offices.

Next 6 Months To Test Footings On Which World Economy Working

By CANADIAN PRESS

Current indications are that the next six months will test the foundations on which the world economy is operating now, and from the developments of the remainder of the year may come the headlines of the future.

In wartime the world operated under conditions and controls which by-passed normal economic laws, and these carry over into peace even if in diminishing degree.

The problem has been to ease out these without major upset, and also to consolidate certain social standards—a hopeful objective in a difficult situation.

The economy on which the world is operating was at the point of collapse, but is being held up by further props, mainly credits and aid from the productive forces of North America.

These props can be maintained for only a limited period, and if in the meantime the world economy is unable to send down natural roots to take their place, a fall or crash can ensue.

A point in question is at what level the world is capable of operating. If it is capable of establishing the present level on a sound basis, it is getting a chance to do so, but a chance with time limits.

If it is beyond its powers to operate at that level, then there must be a settling down, either by reasonably easy stages or possibly with some violence.

It is true the European Recovery Program is barely under way and it is too early to judge what it may accomplish. To date, however, there seems to be some concern that the European economy is not showing sufficient signs of responding to its spark. The next six months will be a vital testing period.

Nancy Kelly, Gargan In Action Thriller

The helpful little woman can be the cause of a great deal of trouble, especially when the husband she tries to help is a private detective. That is the situation in Paramount's action thriller, "Follow That Woman," now at the Rio Theatre, a situation that is further complicated by the fact that said husband is drafted into the Army and his wife is sure she knows enough about his business to carry on for him.

Joan Leslie In Romantic Drama

Joan Leslie has spent seven years in motion pictures but according to the 22-year-old actress, she feels that her screen career is only just beginning.

The new Joan Leslie will be seen by film fans in Eagle-Lion's "Repeat Performance," romantic drama now at the Oak Bay Theatre, in a role which is in complete variance with other parts she has played in her 19 pictures.

In "Repeat Performance," Joan is cast as a sophisticated actress with a romantic career and a chic wardrobe.

THE LOVES OF JOANNA GODDEN

When Joanna Godden's father died, she inherited his farm, and against the conventions of the time, decided to farm it herself. A strange woman was Joanna—wayward, obstinate, impulsive, lovely. She had the drive and ambition of a man, but also the yielding instincts of a woman. Her whole life was a conflict between the two sides of her nature—her love for the earth to which she belonged and the loves which would have torn her from it. Her young sister presented another problem: Joanna wanted to give Ellen the happiness she denied herself—but Ellen took more than Joanna intended...

'End Of The River' Showing At Odeon

"The End of the River," now showing at the Odeon Theatre, is a work in the real tradition of British films. Even in the days of Hollywood ascendancy, British film-makers were supreme in the sphere of reality; their "documentary" pictures created a new artistic level in the cinema.

The idea of making "The End of the River" was born in the mind of another young Englishman, Derek Twist. He went to Powell and Pressburger with Desmond Holdridge's book "Death of a Common Man" and was given the job of directing a film under the novel's title—"The End of the River."

That assignment took him to Brazil on what must have been the most adventurous location trip ever undertaken by a British film company.

Paulette Goddard In Gayest Role

With the opening today at the Atlas Theatre of "An Ideal Husband," the new Twentieth Century-Fox release photographed in Technicolor, Paulette Goddard may be entering a new phase of her sensational screen career. Gayer than ever in this scintillating comedy of London high society, Paulette appears as the smoothly sophisticated charmer, Mrs. Chevely, and has an opportunity to exhibit heretofore untapped resources.

Jeanette MacDonald In Capitol Show

Jeanette MacDonald is back on the screen in M-G-M's captivating new Technicolor musical, "Three Daring Daughters," now showing at the Capitol Theatre!

The popular, golden-voiced star who has spent the past five years on concert tours, makes an auspicious return with Jose Iturbi and young Jane Powell in a lilting romance loaded with songs and unfolding the diverting story of a divorcee whose precocious children try to prevent her from marrying again.

Jose Iturbi not only plays a wide variety of selections on the keyboard, ranging from Liszt to boogie-woogie, but enacts himself as the celebrity who meets Miss MacDonald on a holiday cruise.

'April Showers' Musical Romance

A musical romance with a new flourish, laid in the notsalgic 1912 period against flamboyant San Francisco, accents Warner Bros.' newest musical piece, "April Showers," with Jack Carson and Ann Southern.

"April Showers," also introduces a new Jack Carson. Usually associated with straight comic assignments, the performer reveals a fuller scope to his marked talent. He hoofs, sings, clowns . . . and delivers a particularly fine dramatic characterization.

DOMINION THEATRE

All the thrills and flavor of circus life are re-created in Paramount's drama of murder under the big tents, "Caged Fury," which is now at the Dominion Theatre with a cast headed by Richard Denning, Sheila Ryan, Buster Crabbe and Mary Beth Hughes.

The story revolves around the private affairs of the colorful people who risk their lives at every circus performance. But in addition, there are exciting sequences that show the dangerous work of training the jungle cats, sequences that heighten the suspense of the acts in which they eventually go through their iron-controlled paces. The thrill power of the circus scenes, coupled with the human drama being played out against them, combine to make "Caged Fury" film entertainment well worth seeing.

New Warner Comedy On York Screen

The new Dennis Morgan-Jack Carson-Joan Leslie starring film, Warner Bros.' "Two Guys From Milwaukee," opens at the York Theatre today.

The tale of a reluctant prince who gets a chance to learn about democracy in 24 incognito hours. The film is a merry lesson in how to lose a throne and win friends and influence practically nobody in 90 minutes of cinematic fun and frolic.

Title Bout Canceled

TORONTO (CP) — The British Empire lightweight title boxing bout, billed for tomorrow night, has been canceled.

Promoter Frank Tunney said Sunday that the fight here between Billy Thompson, holder of the British and European crowns, and Canadian champion Arthur King of Toronto was called off due to disagreement over appointment of officials.

One report was that Thompson's manager, Benny Huntman, insisted on a neutral referee and one judge.

Ladysmith Queen

LADYSMITH — Dominion Day carnival here will be presided over by 15-year-old Nancy Lyttleback, who won the Ladysmith Queen Contest, Saturday night.

The queen will be attended by Beverley Clark and Shirley Cain of Chemainus. Jill Bertram and Douglas Patton will be pages.

'Loves Of Joanna Godden' At Plaza

At one time or another in their lives, most blondes get a secret yearning to be brunettes, and most brunettes wish they were blonde.

Googie Withers has tried both. So I thought it would be a good idea (writes a special correspondent) to talk to this lovely British actress, star of "The Loves of Joanna Godden," now being shown at the Plaza Theatre, about the respective merits of being fair and dark.

I asked her which she preferred. There was no hesitation when she voted for brunette locks.

"You can make so much more of yourself at a brunette," she explained. "Your hair is the main attraction when you are a blonde. It is the first thing that catches the eye. As a brunette, you can make yourself very much more exotic and do more with your face."

NEW HORIZONS

Walt Disney leaves for Hawaii today and the island empire will be the next subject of his true adventure series. The cartoon wizard is preparing three or four ½-hour films on Alaska and figures the two territories of the United States will be of great interest to Americans because of their potential statehood.

Walt's first release in the series will be "Seal Island," telling of Alaska's fur seals in living action and cartoon.

'The Birth Of A Nation'

DOWN IN MONTANA . . . they're preparing now, (and it is causing quite a row.) Because to all children, born in that state, a serial number . . . now they will take. And part of this number will designate, county of birth . . . nation . . . and state. And another part will tell the year, Montana welcomed . . . the little dear.

Here's a keen new number in a Sectional Chesterfield Suite . . . bold floral pattern on a rose background in tapestry . . . features the newer Lawson styled inset arms.

This number system is causing some mirth, as key numbers could be added . . . to the baby's birth. Which could include, to curse or bless, its political preference, or street address. And so in its future, the number would show, and so all about any person . . . anyone would know. This has caused a poet to try his hand, so he wrote about LOVE . . . as Montana has planned.

YOU'D LOVE . . . this love-seat . . . . with its gorgeous green cover . . . . the slickest addition to ANY LIVE-in room.

SO . . . to his lady-love, 'tho she was eighteen, her name was one-two-five-four-nine-thirteen.
Oh, one two five four nine dash thirteen,
Your number strikes sweet music to my heart.
Bards used to sing, of Alice and Kathleen,
But who could really tell those gals apart?
The eyes of many maidens dance with fun,
And hair of gold adorns many a queen,
But . . . numerically there is but one,
Sweet one two five four nine dash eight thirteen.

Dubois Wins But Fails To Impress Olympic Officials

ST. CATHARINES (CP) — Theo Dubois, Winnipeg sculler, won the singles event of the Olympic trials and came within an ace of capturing a berth on Canada's Olympic team.

But his victory Saturday over Ken Nunns of Toronto Argonauts in a hard-fight contest apparently made little impression on a selection, committee, which decided later against sponsoring singles, pair oars or fours-without-cox winners.

This decision left Canada's hopes in the summer Olympic rowing events in Britain on the shoulders of Hamilton's Leander Club in the eights and Ottawa Rideau Club, represented by Ted Graves and Gabe Beaudry, in the doubles.

Dubois, who won the United States national title at Detroit in 1947 and then lost the Henley here to Jack Kelly, was fairly extended by Nuns. But the Toronto sculler appeared to lack sufficient stamina for a finish punch to beat the veteran Dubois. The Winnipegger won by a length.

(At Winnipeg Bob Richards, president of the Winnipeg Rowing Club announced an appeal had been made to Canada's Olympic Committee to reconsider its decision regarding Dubois. He stated there were interested Winnipeg people who would finance Dubois' trip to London but the W.R.C. recognized that the selection committee decision was absolute.)

Haddad, Grayston On Way To Olympics

MONTREAL (CP) — Eddie Haddad, Canada's lightweight selection for the Olympic Games boxing competition, arrived in Montreal Friday en route to Halifax. He will sail next month with the Canadian Olympic team.

Haddad, a stores assistant in the Canadian navy, was accompanied by Gordie Grayston, a petty officer, whom the Olympic committee has accepted as a voluntary assistant to coach Gordon Sauve of the boxing team.

Haddad has been granted a special leave for the games and Grayston has been granted duty transfer from H.M.C.S. Esquimalt to H.M.C.S. Stadacona in Halifax and then to England.

Patty Berg Turns In Game Stand To Beat Babe Zaharias

CHICAGO (AP)—Patty Berg, Minneapolis professional, erased a four-hole deficit on the final six holes to defeat Babe Didrikson Zaharias, 1 up, on the 37th green of a hectic overtime battle for the women's western open golf championship Saturday.

The 30-year-old Miss Berg, in her first match-play meeting against the Babe, ruined the 35th birthday celebration of Mrs. Zaharias.

The Babe blew up completely on the last nine after leading most of the scrap over 6,434-yard Skycrest Country Club. Patty's triumph matched Mrs. Zaharias' three victories in the western open.

The Babe's four-hole lead melted away under Miss Berg's stubborn battling until the match was squared on the 36th green.

Then, on the 400-yard 37th the sturdy Minneapolis red-head rang down the curtain on the Babe with a nifty par four, while Mrs. Zaharias scrambled for a five.

It was a grand performance by Miss Berg, 1941 and 1943 open winner, who nursed a sprained left hand throughout the week-long meet and who still limps slightly from a leg injury.

Oak Bay Continues Winning Streak In Cricket Play

Oak Bay continued its winning ways in the city cricket league Saturday by defeating Albions 108 for eight wickets as compared to their opponent's 70 all out.

Frank Harrison was high bat for the league leaders with 51 not out. Sherratt and Bawkett contributed a last wicket stand of 42 for the Albions.

Ex-R.A.F. came up with their second straight win at the expense of the Navy 91 to 71. Ben Twamley was the outstanding members of the ex-Flyers as he put on a spirited 55 and took seven Navy wickets for 31 runs. Frewer put on 15 for the sailors and Cayley 14.

The match between the Five C's and Incogs saw the bowlers in complete command as the latter marked up a 65 to 54 win. It was the second straight loss for last year's champions, Reg Wenman was high scorer for Incogs with 22 runs. He lifted seven C's wickets for 26 runs.

Three Fighters In Scramble For Heavyweight Title

NEW YORK (CP) — The scramble is on for the vacant heavyweight championship. Right now Jersey Joe Walcott, light heavyweight champion Gus Lesnevich and 175-pound contender Ezzard Charles seem to have the edge on the pack in the chase for boxing's most prized crown.

Joe Louis created the vacancy last night with his explosive right hand which flatted Walcott in the 11th round at Yankee Stadium.

Shortly after "10" had been counted over the fallen challenger, the heavyweight champion announced he had fought his last fight.

And it wasn't long after the king had announced his retirement that Sol Strauss, acting promoter of the Twentieth Century Sporting Club, declared his outfit would seek to bring together the leading heavyweights in an elimination tournament to determine the Brown Bomber's successor.

COMMISSION FAVORABLE

Eddie Eagan, chairman of the New York Athletic Commission, said the commission couldn't do anything until bouts were brought to it for official action. But there wasn't much doubt that Eagan and his two fellow commissioners would approve a series of fights that would bring in Walcott, Lesnevich and Charles.

Walcott, incidentally is 34 years old, Lesnevich 33, and Charles will be 25 next month.

The National Boxing Association probably would fall in line, too, with any tournament that would bring in the three.

From a promotional standpoint, a Walcott-Lesnevich match appears as the standout and it is understood that the 20th Century may have something like that all cooked up for outdoors in September.

The remains will be forwarded on Monday's boat en route to Eau Claire, Wisconsin where services will be held and interment will take place. McCall Bros. in charge of arrangements.

FUNERAL

SMITH—A large congregation of relatives and friends attended funeral services which took place under the auspices of Island Temple No. 8, Pythian Sisters, at the Thomson Funeral Home Saturday afternoon at 2.30 o'clock for the late Mrs. Henrietta Smith. Rev. G. A. Reynolds conducted the services during which the hymns, "Abide With Me" and "Lead, Kindly Light," were sung; also a solo, "No Night There," was rendered by Mrs. M. E. Thomson. Many beautiful floral tributes were received. There was also a representation of the Queen City Chapter No. 5, O.E.S., and the Order of the Amaranth attended. The pallbearers were: W. White, R. J. Muir, G. Knight, E. Thomson, W. Carter and A. Manson. Interment took place in the family plot at the Ross Bay Cemetery.

Notice to Contractors

Proposed Highway Bridge Over French Creek at Coombs, on Parksville-Alberni Highway, Vancouver Island

SUBSTRUCTURE

Sealed tenders, marked "Tender for Substructure, French Creek Bridge at Coombs," will be received by the Minister of Public Works, Parliament Buildings, Victoria, up to 12 o'clock noon, Monday, July 12th, 1948, for the above-described work.

Tenders will be opened in public in the office of the Minister of Public Works at the above-mentioned time and date.

Plans, specifications, etc., may be obtained from the undersigned or from the Assistant District Engineer, Court House, Vancouver, on deposit of the sum of fifteen dollars ($15); this deposit will be refunded upon the plans and specifications being returned within a period of one month of the receipt of tenders.

Each tender must be accompanied by an accepted bank cheque, made payable to the Minister of Public Works, for the sum of one thousand dollars ($1,000), which shall be forfeited if the tenderer declines to enter into contract, or if he fails to complete the work contracted for.

The cheques of unsuccessful tenderers will be returned to them when the contract has been awarded.

Tenders must be made out on the forms supplied and enclosed in the envelopes furnished.

No tender will be accepted or considered that contains an escalator or any other qualifying clause.

The lowest or any tender will not necessarily be accepted.

Stocks Suffer Sharp Setback

NEW YORK (AP)—Stocks suffered one of the sharpest setbacks in more than four months in Monday's market.

The decline embraced pivotal issues in nearly every section and losses among the leaders ranged to more than two points.

While pressure to sell was not especially aggressive, ample supplies of shares were available at prices well under last week's closing levels. Weakness first evident among the railroad stocks spread to oils which were actively traded, and to automobile and steel shares.

After a fairly fast start, activity subsided.

Union Oil of California breasted the tide among the oils with a rise in response to news of an increased dividend. American Telephone also operated in the plus column most of the time.

Canadian issues were lower. Dome Mines added ½. Distillers Seagrams gained ¼. Hiram Walker was down ¾. Canadian Pacific down ½. McIntyre eased ⅛.

Dow Jones closing averages:

30 industrials ... 187.90 off 2.10
20 rails ... 61.52 off 1.30
15 utilities ... 35.55 off 0.26
65 stocks ... 69.94 off 0.94
Total sales, 1,210,000.

Ground Lost In Moderate Trading

MONTREAL (CP)—Stocks lost ground during moderately active trading on the Montreal Stock Exchange Monday. Losses ranged from fractions to one point or so. Mines were quiet and prices easier.

Metasl were heavy losers. Aluminum backed down 3½ points while International Nickel and Consolidated Smelting slipped 1¼ points each. Hudson Bay Mining and Noranda dropped minor fractions.

Papers were fractionally easier with the exception of Brown preferred which declined 1½ points.

Winnipeg Electric was off ⅞ and Shawinigan ½ in a soft utility list.

Losses in oils were posted by McColl, Gaspe, Anglo-Canadian, International Petroleum, Imperial Oil and Imperial Oil Rights. Consolidated Homestead added ½ cent.

Metals And Western Oils Spotty

TORONTO (CP)—Prices were down in moderate trading on the Toronto Stock Exchange Monday. Industrials showed fractional losses and base metals and western oils were easier.

Papers, oils and utilities led the downward trend in the industrial groupings with losses ranging up to a point. Great Lakes Paper, Abitibi, Dominion Steel B, B.A. Oil, Imperial Oil, Brazilian and C.P.R. were among the losers. Liquors and textiles were fractionally easier and York Knitting A reached a new low.

Toronto closing index:

CHICAGO (AP) — Grains rallied toward the close today, getting back a good deal of the ground lost during early weakness.

At one time prices were down around 2 cents with the July contracts showing widest declines. Deferred deliveries displayed more resistance and it was these contracts which led the late rally. Much of the late buying was short covering.

Mayor George Happy Over Vote Results

Mayor Percy George, in eastern Canada following a meeting of the Canadian Federation of Mayors and Municipalities, expressed pleasure in a letter to acting Mayor J. D. Hunter today, at the outcome last week of the vote on three by-laws.

"I was most happy and pleased to learn the results and I know you will be relieved as you are deeply concerned with our city's streets," Mayor George wrote the acting mayor.

Acting Mayor Hunter, who is chairman of the public works committee, sought and was given approved by one of the by-laws for the borrowing of $1,156,800 for a four-year streets improvement program.

A second by-law authorized the borrowing of $155,000 for water distribution system improvements, and the third approved the sale price of the city waterworks system to a Greater Victoria or metropolitan water board.

BACK SUNDAY

Mayor George is expected back in the city next Sunday in time for a meeting of the City Council next Monday.

2 Ships Missing, 1 Lost In Alaska

SEATTLE (AP) — One small vessel was missing and two others disabled and in need of help in Alaska waters today, the U.S. Coast Guard reported. A fourth craft, previously reported overdue, was sighted, however, making its way to port.

The Coast Guard said the missing craft was a 26-foot cabin cruiser manned by Mr. and Mrs. W. S. Upson, believed to be of Seward. It left Seward June 22 for Homer.

The 65-foot purse seiner Minah H., drifted helpless in the water off Cape Clear, northeast of Kodiak, after losing its rudder. A seagoing tug from Kodiak was en route to its aid.

The fishing vessel Lynn Ann, which lost her shaft and was beached in sinking condition at Delta Point in Cold Bay, was taken in tow Sunday by the cutter Bittersweet. They are expected to reach Kodiak June 30.

Athabaskan Delayed By Sickness Aboard

The Tribal class destroyer, H.M.C.S. Athabaskan, originally scheduled to reach Esquimalt naval base Tuesday, will be delayed because of sickness aboard which has made it necessary for the ship to put in at Astoria, Ore., R.C.N. officials reported today. The sick mariner is a hospital case and is being put ashore at the U.S. port.

Athabaskan, which sailed from Halifax May 19 under the command of Cmdr. James S. Davis, R.C.N., will join the navy's Pacific Coast active fleet on her arrival here.

The American cruiser Duluth, coming to the base fora week's visit, will secure at Esquimalt approximately 9.30 Wednesday morning. Under the command of Capt. Burton Davis, U.S.N., Duluth will have aboard Rear-Admiral Francis X. McInerney, U.S.N., commander cruiser division 15.

Iona Wins Race In Lightning Class

G. MacKinnon's Iona was the winner in the Lightning class race held by the Royal Victoria Yacht Club at Cadboro Bay Saturday. Iona finished the course in a few seconds under one and one-half hours and was followed about three minutes later by E. Dowell's Ariel.

In the Snipe class race, Miss V. McConeghy's Stormy came first, and A. Nelson's Wee Joe took second place.

Tidal streams were as much a controlling factor as the light wind currents in the racing, for the promise taken from the morning sky that a racing breeze might prevail fell as flat as the wind itself by starting time.

The field was small, most of the boats on the station being painted and preened in readiness for the Pacific International Yachting Association regatta which opened today.

The course set for Saturday's racing was the longer one down to Fiddler's Reef lighthouse and back . . . one round.

In the Snipe race, both Stormy and Wee Joe got away to a neck-and neck start, but soon Stormy took the lead and held it throughout, finishing in just under 10 minutes better time than her opponent.

One Woman's Day

By NANCY HODGES

TREES AND BOYS

"THE FORESTS ARE protected with towers, signs, fines, jails, airplanes, fire-ranger people, and the most important of all is bugs. They let a certain kind of bug go and fight the sawfly and it protects the forest."

Yes, dear reader, I, too, laughed when I read the foregoing, which is taken from a schoolboy's essay submitted to the Canadian Forestry Association.

But, while his ideas were slightly muddled, that boy is well on the road toward learning the lesson of individual responsibility for the protection and preservation of our beauty spots which we all must accept.

YOUTH'S NEW JOB

BECAUSE I LOVE TREES and because the beauty spots of this province are gradually being denuded of them, I am alert to any sign aimed at offsetting this needless sacrifice.

That's why I read with avidity an article in Woodland World, the official magazine of the association describing its amazing program of youth training in British Columbia.

Who would have believed, for instance, that 35,175 B.C. boys—and a surprisingly substantial number of girls as well—have received an elementary training in forestry and the objectives of the association?

DOING GOOD JOB

THE RED-SHIRTED junior forest wardens and the green-uniformed girls are to be found all the way from Zeballos on the west coast of Vancouver Island to Radium near the B.C.-Alberta border, from Huntingdon on the U.S. border to Dawson Creek.

And, says Woodland World, they are doing a real job in forest protection, having helped to put out many an incipient forest blaze.

In view of the current appeals being made to smokers and picnickers not to throw away lighted or smoldering cigarette butts, it might be well to record that one of the first things the junior wardens learn is to put campfires dead out by pouring water on the site and puddling the ashes with a stick.

ALL-ROUND PROGRAM

YOUTHFUL MEMBERS are also taught to study the tree, its importance and function, to learn types of forest and forest species, the value of our timbered assets, the enemies of forests, as well as forest industries and available occupations.

Rangers, game wardens and local industries, as well as the association, provdie speakers for the various clubs. Part of their activities is to carry out some project such as an arboretum, tree-planting or park work.

Many field trips are included in the curriculum, and there is a section on woodland travel, showing the youngsters how to look after themselves while camping and hiking in timbered country.

VALUABLE TRAINING

ALL LOVERS OF THE outdoors will appreciate the tremendous potential value of this youth training scheme to British Columbia.

Not only does it teach boys and girls to recognize and appreciate the wonders and beauty of Nature, but at the same time it serves to inculcate a sturdy independence, a reliance on their own resources and initiative. And goodness knows, the world can do with more people of that kind!

The Canadian Forestry Association's program should also go far toward creating a citizenry more acutely conscious of the beauty which Nature has so lavishly bestowed on this province, and more acutely aware of the individual's personal responsibility for its protection and preservation.

Lacrosse Player Hospital Patient

Alan Rhodes, member of the Jokers lacrosse team, today was confined to St. Joseph's Hospital with an internal injury believed to have been suffred in Sunday's game against Nanaimo at Stevenson Park.

Anthony Weisgarbes was found guilty on a charge of dangerous driving and was fined $40 by Magistrate H. C. Hall in city police court today. His license was also suspended for one month. Charge arose out of an accident he was in with another car June 20 at Yates and Douglas Streets.
